GENERAL **INFORMATION**

STATEMENT OF PURPOSE

Southwestern Assemblies of God University is a Bible-based institution for theological and professional studies. It is rooted in the great commission of Jesus to “Go into all the world and preach the good news to all creation” and to “make disciples of all nations . . . teaching them to obey everything I have commanded you” (Mark 16:15a; Matthew 28:19, 20), which is the primary emphasis of SAGU’s parent body, the General Council of the Assemblies of God.

The purpose of Southwestern Assemblies of God University is to prepare undergraduate and graduate students spiritually, academically, professionally, and cross culturally so as to successfully fill evangelistic, missionary and church ministry roles and to provide quality educational and professional Christian service wherever needed throughout the world.

STATEMENT OF FAITH

SAGU embraces and supports the doctrinal teaching of the General Council of the Assemblies of God as set forth in Article V, Statement of Fundamental Truths of its Constitution. The following statements summarize these doctrines.

We Believe

-the Bible is the inspired and only infallible and authoritative written Word of God (2 Timothy 3:16).
-there is one God, eternally existent in three persons: God the Father, God the Son, and God the Holy Spirit (Deuteronomy 6:4; Matthew 28:19).
-in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection, in His ascension to the right hand of the Father, in His personal future return to this earth in power and glory to rule a thousand years (John 1:1).
-in the blessed hope — the rapture of the Church at Christ’s coming (Titus 2:13).
-the only means of being cleansed from sin is through repentance and faith in the precious blood of Christ (John 14:6).
-regeneration by the Holy Spirit is absolutely essential for personal salvation (Titus 3:5).
-in water baptism by immersion (Matthew 28:19).
-the redemptive work of Christ on the cross provides healing of the human body in answer to believing prayer (I Peter 2:24).
-the baptism in the Holy Spirit, according to Acts 2:4, is given to believers who ask for it.
-in the sanctifying power of the Holy Spirit by whose indwelling the Christian is enabled to live a holy life (Galatians 5:16-25).
-in the resurrection of both the saved and the lost, the one to everlasting life and the other to everlasting damnation (Revelation 20:11-15).

STATEMENT OF CORE VALUES

Bible-based Education

God is the ultimate source of all knowledge and truth and has revealed Himself in Scripture; therefore, SAGU is committed to the authority of the Bible and the integration of biblical values in all academic disciplines. The pursuit of truth and its application in every area of life comes through understanding the Word of God and knowing Christ. The University intends that students will deepen their understanding of Scripture and develop well-founded theological convictions for a life of Christian service through a carefully selected core of Bible and theology curriculum.

Academic Excellence

SAGU is a university devoted, under God, to the pursuit of truth through the use of the mind. Students, therefore, are encouraged to bring their minds in submission to Christ and fulfill their responsibilities as stewards, and work for the integration of thinking and learning in the framework of a Christian worldview. Students are encouraged to develop their minds and intellects in the pursuit of knowing Christ and His creation, and seeking God's direction as they choose a vocation or career path.

Spiritual Formation

SAGU is committed to fostering spiritual formation among students that produces life-long spiritual growth and character development. Students are encouraged to develop their understanding of biblical faith, increase their desire to know and serve God, and develop personal integrity and character by applying biblical values to their lives. Chapel and local church participation is emphasized because worship is an important element in the University's strategy for spiritual formation.

Missions-mindedness

SAGU is founded on the belief that every believer has a personal responsibility for the Great Commission. SAGU intends that students will embrace missions-mindedness as evidenced by life-long personal involvement in world evangelism, a life of intercessory prayer for the lost, personal witness, contributing resources to world evangelism, and a willingness to go into full-time missionary work (if called by God) or, at a minimum, participate in a short-term mission trip.

Pentecostal Distinction

SAGU is committed to an environment that encourages students to experience Spirit baptism according to Pentecostal theology to obtain additional power for witness, personal edification through speaking in tongues in private prayer, and additional enablement through spiritual gifts, while continually pursuing spiritual formation and a Spirit-formed character. The University also encourages the operation of the gifts of the Spirit in worship services according to the scriptural directive.

Servant Leadership and Ministry

SAGU's mission is founded on the belief that God intends every believer be actively involved in ministry that reflects service and servanthood. Fulfilling the mission of the church requires all believers, no matter their chosen career and calling, to work in team-like fashion using their unique gifts and talents in churches and ministries around the world as pastors, board members, elders, deacons, and heads of creative ministries in the pattern of the servant ministry of Jesus Christ.

Community and Personal Wellness

SAGU is committed to the understanding that discipleship occurs in community and in relationship; therefore, students are encouraged to develop the social and relational skills needed to contribute to an affirming, loving, and giving community of believers. Additionally students are encouraged toward emotional and physical health for the purpose of enabling long, faithful service unto God. Eating properly, sleeping adequately, exercising regularly, and sufficient rest properly honors God through the body.

UNIVERSITY STUDENT LEARNING OUTCOMES

Upon graduation from SAGU, students will be able to:

1. Integrate biblical principles of faith into their lives.
2. Demonstrate academic competence and in their respective fields of study.
3. Formulate a personal strategy for Christian service.
4. Engage in a global community with societal awareness, cross-cultural appreciation, and a biblical worldview.

UNIVERSITY STANDARDS

SAGU embraces standards of conduct that are the same as those generally accepted by the Assemblies of God in America. These are characterized by clean behavior and conversation, modest apparel, high moral standards, commitment to excellence in educational and professional development, and deep consecration and devotion in spiritual life.

High Christian standards relate to all facets of university life. Though they are reflected in the spiritual development of the student, they do not end there. Christian citizenship is a biblical obligation. Christian ethics extend into the intellectual development of an individual, and Christian morality regulates social relationships. Accordingly, the Christian will assume responsibilities in the educational community with cheerfulness and friendliness. Relationships at SAGU must reflect moral purity and distaste for promiscuity. High standards are imposed in the area of physical development. This results in habits and diets that contribute to good health and physical well-being.

The same Christian standards apply to faculty, staff, and students. General student conduct standards are explained in the Student Handbook. The Student Conduct Committee embraces the responsibility of maintaining the high Christian standards of the student community. The committee may require a student who does not embrace the aims and ideals of the University to withdraw if the general welfare of the University demands it.

HISTORY

Three Bible schools were brought together to form Southwestern Bible Institute. The first, known as Southwestern Bible School, was established at Enid, Oklahoma, in 1927 under the leadership of the Reverend P. C. Nelson. The second, Shield of Faith Bible School, was founded in Amarillo, Texas, in 1931 under the direction of the Reverend Guy Shields. It included not only a Bible school, but also a grade school and high school. The third, which was operated as Southern Bible Institute in connection with the Richey Evangelistic Temple, began at Goose Creek, Texas, in 1931. It was started by the Reverend J. T. Little in Trinity Tabernacle and later moved to Houston in 1933.

The Bible school division of Shield of Faith was moved to Fort Worth in 1935. The high school division was transferred the following year. In 1940, a merger resulted in Southern Bible Institute moving to Fort Worth. The combined school, operating as South Central Bible Institute, came under the ownership and direction of the Texas District Council of the Assemblies of God. The school in Enid merged with South Central in 1941, at which time the name was changed to Southwestern Bible Institute. In 1943, the institute was moved to its present facilities in Waxahachie, Texas. During the 1944-45 term, a junior college curriculum was added to the school's program. The Junior College Division soon accounted for about half of the enrollment in the college.

Southwestern Bible Institute became a regional school in 1954, owned and operated by seven districts of the Assemblies of God—Arkansas, Louisiana, New Mexico, North Texas, Oklahoma, South Texas and West Texas. The Mississippi District was added to the region in 1979.

The owning Districts officially changed the name to Southwestern Assemblies of God College. In 1963, the upper two years of the college were renamed Southwestern College of the Bible. In 1968, the separation of the divisions of the college was made more complete, and the Junior College was designated Southwestern Junior College of the Assemblies of God and given regional accreditation at that time. In 1984, the School of Distance Education was established. In 1988, the Junior College and Bible College divisions were reunited as Southwestern Assemblies of God College and in 1989 regional accreditation was attained for the College.

During the 1990's the school experienced an unprecedented rate of student growth. In December 1994, the Board of Regents unanimously approved the name change to Southwestern Assemblies of God University, and authorized the development of the Thomas F. Harrison Graduate School to provide master's degree programs.

During the first fifteen years of the 21st century, SAGU's rate of facility growth to service its student population took on amazing proportions. In 2004, the University restructured its academic organization to recognize two colleges under the University umbrella: the College of Bible and Church Ministries, and the College of Arts and Professions. In 2013 the University adjusted its college identities again, dividing into the College of Bible and Church Ministries, the College of Business and Education, and the College of Music and Communication Arts. In 2015, SAGU was approved by regional accreditation as a Level V institution authorized to offer doctoral programs.

STUDENT **SERVICES**

The faculty and staff of SAGU are committed to providing services to make the student's university experience meaningful and enjoyable, while intentionally promoting an atmosphere conducive to student learning.

SPIRITUAL LIFE

Activities are promoted which contribute to the spiritual development of students. Central to this program is the daily chapel period shared by the entire University community. Seasons of worship are accompanied by spiritual challenges extended to the students by the administration, faculty, visiting guest speakers, and fellow students. As God moves during these times, many students are filled with the Spirit and make deep personal commitments to God.

A World Ministries emphasis is planned each semester at which time Christian stewardship and consecration are stressed. Many SAGU students have dedicated themselves to ministerial service in these meetings.

Emphasis also is placed on personal devotions in connection with residence hall life. At regular intervals entire sections of the residence halls meet for group worship. Spiritual life on campus is encouraged through a variety of student organizations and ministry groups.

Global Prayer Focus

SAGU serves as a Global Prayer Center representing the desire and focus of the districts of the Southwestern region to put SAGU at the center of a worldwide prayer movement. The Hugh P. Jeter World Prayer Center is open daily to inspire intercessory prayer for all regions of the world as well as personal needs. The Road to Emmaus Prayer Walk features a prayer path of approximately one mile in length. Administrators, faculty, staff, and students use the walk daily for prayer and exercise.

Student Ministries

SAGU's primary objective is the training of individuals to enter world-wide Christian service. In keeping with this objective, Student Ministries complements academic training with essential practical training and opportunities for Christian service. Therefore, all students are required to be faithful in chapel and church attendance. Students are strongly encouraged to participate in local church ministries. All students are required to serve a minimum of one hour of practical ministry service per week. Christian service should characterize every student's life.

PERSONAL LIFE

SAGU maintains concern about the personal life of its students. All students (married or single, off campus or on campus) are expected to conduct themselves at all times in accordance with the teachings of the Word of God, the accepted standards of the Assemblies of God, and the standards of conduct held by SAGU. SAGU students must realize the importance of exemplifying Christian living both on campus and off campus. Since many come from various backgrounds, it is necessary that each student becomes acquainted with SAGU's standard of conduct and dress. The University states its intention of making biblical principles its primary basis for conduct as referred to in the Assemblies of God Bylaws, Article IX, Section 6, as follows:

In view of the alarming erosion of national moral standards, we reaffirm our intention of holding up biblical standards against all forms of worldliness. We urge all believers to "Love not the world, neither the things that are in the world . . . For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world (1 John 2:15,16)."

In its teaching regarding worldliness, the Scripture warns against participation in activity which defiles the body or corrupts the mind and spirit; the inordinate love of, or preoccupation with, pleasures, positions, or possessions, which lead to their misuse; manifestation of extreme behavior, unbecoming speech, or inappropriate appearance; any fascination or association which lessens one's affection for spiritual things (Luke 21:34, 35; Romans 8:5-8; 12:1-2; II Corinthians 6:14-18; Ephesians 5:11; I Timothy 2:8-10; 4:12; James 4:4; I John 2:15-17, and Titus 2:12).

STUDENT LIFE

Attendance at SAGU is designed to be a life enriching experience. By living, worshiping, working, and interacting with other Christian young people, one is stimulated by the influence of examples to include Christ in every facet of daily living. A full schedule of activities is planned to emphasize the importance of Christian values.

Social Life

Social life plays an important part in the development of Christian character and poise. The University seeks to provide a well-balanced program of social events for the student body. Opportunities for social experiences are planned by the Student Congress, Residential Life, and other campus organizations.

Student Conduct Committee

The Student Conduct Committee has the responsibility of maintaining the high Christian standards of the University. The committee seeks to identify models of excellence in Christian behavior and service on campus. It functions to remedy difficult problems but may also require a student who does not embrace the aims and ideals of the University to withdraw if general welfare demands it.

GENERAL SERVICES AND POLICIES

Orientation

SAGU is dedicated to helping men and women adjust to life as university students. The orientation program actually begins before students arrive on campus with a series of communications which answer important questions and provide helpful information about SAGU.

Days are designated at the opening of each Fall and Spring term for orientation, testing, and counseling. All new students participate in these activities. Freshmen students are required to enroll in the college life orientation course (GES 1122 Strategies for Student Success). Topics covered in the course serve to better acquaint students with the distinctive programs of SAGU and enable them to realize the most from a university education.

Campus Security Services

Campus Security provides ID card and vehicle services at the Information and Security Center (ISC). Security and safety patrols occur 24 hours a day. Students may request an escort from anywhere on campus, especially during hours of darkness. Reports of theft, vandalism or other criminal or questionable activity should be filed at the ISC.

Student Counseling Services

SAGU is concerned about each student. Faculty members are available during the week at posted hours for personal conferences. Also, students may access professional help in dealing with problems of social, emotional, or interpersonal nature. Trained counselors are available in the counseling center to help students who need free, confidential, biblically-based counseling in the following areas:

- Personal Counseling covering such issues as stress, loneliness, anger, self-esteem, and other relational, emotional, spiritual, moral and cultural problems that may arise in daily life
- Premarital Counseling for pre-engaged or engaged couples and seminars each semester which cover such topics as conflict, communication, biblical roles and responsibilities, finances, sexual relationships, and family devotions
- Marriage and Family Counseling
- Personality Testing
- Support Groups
- Seminars on topics such as Grief, Boundaries in Dating, and The Positive Side of Being Single
- Referral Services to additional professional counselors

Career Services

SAGU's Career Services Office, located in the Barnes Student Center, provides the resources and strategies for choosing a college major, developing career plans, creating a resume, finding internships and full-time jobs, connecting with alumni, developing graduate school plans, and making successful career transitions. Career Services provides year-round service to students as well as University alumni.

Student Billing Office

The Student Billing Office serves the students of SAGU in their financial matters.

1. Statements are sent to students monthly. Students can also access their accounts through their student portals.
2. Limited check cashing is available for students with whom the University has had good financial experience.
3. Organizational funds are retained in this office.
4. Schedules of fees and financial counseling are available.

This office can assist students in many ways and students are encouraged to make use of these services.

Cashier

Check Cashing Policy: The Student Billing Office will receipt any check, money order, traveler's check, or cashier's check properly endorsed to the student's account. Due to limited cash on hand, checks in excess of \$50 and two-party checks cannot be cashed. No student checks will be cashed during the last two weeks of a semester to allow all checks to clear for payment. It is recommended that students who cash checks regularly open an account at AGCU or a local bank.

Any returned check must be cleared immediately with cash, cashier's check, or money order; no additional checks will be cashed if the returned check has not cleared. There is a \$30 returned check fee (per check). If two checks are returned, no additional checks will be cashed until the returned checks and fees have been paid.

Student Employment

Though SAGU is unable to guarantee employment to students, the University makes every effort to aid students to find jobs either on or off campus. Work opportunities on campus are provided in the cafeteria, library, offices, residence halls, physical plant, and ground maintenance.

Many students seek outside employment to finance at least part of their expenses. Part-time jobs are available at many local businesses such as private homes, stores, shops, day care facilities, and offices. Full and part-time employment is available in nearby Dallas and Fort Worth for students whose financial responsibilities are heavy.

Freshmen are generally encouraged to have sufficient funds to cover most of their first-year expenses. This will enable them to give sufficient time to university adjustment and to obtain employment without being under financial pressure.

Off-Campus Employment : Students seeking off-campus employment (full-time or part-time) should consult the Career Services Office, which maintains an active file of job opportunities.

Federal Work Study Employment: Students approved for Federal Work Study assistance should consult the Financial Aid Office for open positions.

Regular On-Campus Student Employment : Students interested in a position on campus should complete an employment application in the Career Services Office.

Housing Services

Students derive special benefit from community life in a rich, Christian atmosphere. Facilities are provided for single students under age 23 to live on the campus. All single undergraduate on campus students under age 23 are expected to live on campus. A listing of the men and women's residence halls is given in the section entitled Campus and Facilities.

Dorm Reservation Form and Enrollment Deposit: All new on campus students (first time freshmen or transfer) expecting to live on campus must complete a dorm reservation form and pay a \$150 Enrollment Deposit before being placed in a dorm. Fifty dollars serves as an enrollment fee and \$100 serves as a deposit. Upon registration and dorm move-in, \$100 of the initial deposit will be credited to the student's account at the conclusion of late registration and proof of dormitory occupancy. If an applicant decides not to attend, the Admissions office must receive written notification before July 15 (Fall semester deadline) or December 10 (Spring semester deadline) in order to receive a \$100 reimbursement. If the Admissions office is not contacted by these deadlines, no refund will be given. Each semester, current students wishing to request a room will pay, in advance, a non-refundable reservation fee of \$50. Students who pre-register for the following semester will have their dorm reservation fee waived. Room selection is only guaranteed until the close of the first day of registration.

Married Students: The University provides a limited number of apartments for married students. A variety of off-campus housing facilities also exist in the city of Waxahachie. For more information, contact the Business Services Office.

All University mail is distributed by the Campus Mail Center. Boxes are provided to all on-campus students and are located in the Barnes Student Center.

Health Services

The health care needs of SAGU are coordinated through the Residential Life Office.

Campus Nurse: Student applications at the University are surveyed by the campus nurse to determine health care needs that should be brought to the attention of food service personnel, directors of athletic activities, faculty, staff and/or administrators. A professional nurse services the health needs of the student body. The campus nurse maintains contact with a local physician. Students are referred to other qualified health care personnel for medical consultation, diagnosis, and/or treatment as necessary.

The campus nurse will maintain regular office hours which are posted on the Health Services Office door and will be available on-call through the Residential Life office. The Health Services Office is located in Teeter Hall.

The campus nurse is also available for consultation to all students living off-campus, faculty, staff and administration.

Insurance: SAGU requires medical clearance and accident insurance coverage for each student admitted. Participation in the student accident insurance program of the University is required. Accident insurance coverage purchased in the University program applies only to the semester for which the student has paid. It should be understood that SAGU does NOT provide a health or medical insurance program for students.

The student accident policy serves as a secondary policy for varsity athletes. All varsity athletes are required to provide their own primary medical coverage to meet minimum requirements as set by SAGU. Proof of primary insurance will be required before an athlete may participate in varsity athletics.

- Also having access are authorized representatives of the Comptroller General of the United States, the Secretary, the Commissioner, and the Director of the National Institute of Education. In connection with a student's application for receipt of financial aid, access is granted to state and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to state statute adopted prior to November 19, 1974 (nothing in the paragraph shall prevent a state from further limiting the number or type of state or local officials who will continue to have access there-under).
- Access is granted to organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted.
- Accrediting organizations will have access rights in order to carry out accrediting functions.
- Records may be viewed in compliance with judicial order or pursuant to any lawfully issued subpoena, upon condition that the students are notified of all such orders or subpoenas in advance of the compliance there with by the educational institution.
- Student records will be updated each semester enrolled and course work with grades and total grade point average are figured for the semester's work.
- The student has the right to inspect his records maintained by SAGU. To do this the student must request the permanent record from the Registrar. Also, if the information contained in the file is determined to be incorrect, the right to a hearing to change, delete, or write explanations regarding the information in question will be granted. Should a file contain information on another student, only that information pertaining to the inquiring party will be provided.
- The student has the right to waive the option of reviewing recommendations for admission. The student opting to waive the right of inspection may sign the form "Student Waiver of Rights" provided in the Registrar's Office or sign the "Waiver of Rights" provided on the front of the recommendation forms used for admissions purposes. The student is not required to waive the right of inspection and would in no case be refused admission, or any of the services offered by Southwestern Assemblies of God University, because of failure to sign the waiver.
- The student has the right to challenge the content of his/her education records. To do this, the student should request the form "Request to Amend or Remove Educational Records" from the Registrar's Office. After completing the form, it should be presented to the Registrar, and in the event the request is not approved, a date of hearing will be set. The student may be present during the hearing and will be notified on the day of the hearing of the action taken. A scheduled fee is charged for a copy of a transcript.
- Students have until the last day of late registration to request that "Directory Information" be withheld from the public. Pursuant to the Family Educational Rights and Privacy Act of 1974, "Directory Information" includes a student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended. STUDENT COMPLAINTS

The University regards general complaints with appropriate attention. The student body is regularly polled with respect to academics and student life. Faculty members, College Deans, and the Vice President for Academics are approachable concerning classroom and curricular matters. Student Congress executive officers regularly share student concerns with the Vice President for Student Development. Students are welcomed to visit with the Vice President for Student Development to make personal concerns known. Formal written complaints may be filed with the Vice President for Student Development.

Initiating and Processing a Complaint

Any student that wishes to log a complaint must first discuss it with the Dean of Students with the objective of resolving the matter informally. Should this informal discussion fail to satisfy the student, then a formal written complaint must be filed with the Vice President for Student Development. No complaint will be received in which the complainant refuses to commit to written record. All persons against whom a complaint has been filed will be notified of the allegations. A complaint may be withdrawn at any step without prejudice and cannot be reopened.

Procedure

Step 1: The complainant shall file a formal written complaint with the Vice President for Student Development, using the Student Complaint Form that can be acquired from the Student Development office, or on the SAGU website (www.sagu.edu/complaintform). This form should be filed no later than 10 days after the incident involved in the complaint.

Step 2: Upon the evaluation by the Vice President for Student Development, an investigation will be conducted. The investigation may include interviews of all parties involved in the complaint and the gathering of all available evidence. In the event that the matter involves academics, the complaint will be turned over to the Vice President for Academics for investigation.

Step 3: Once the matter has been investigated, the Vice President for Student Development will inform the complainant of the resolution. If the student is not satisfied with the resolution, the complaint shall be transmitted to the President. Whomever the President designates shall meet with the parties of interest. A response to the complaint shall be indicated in writing with a copy furnished to the complainant and the accused. This response will be considered as final.

In the event that a student believes he/she has been unfairly treated, or has issues with the University that cannot be resolved by the methods outlined above, he/she has the right to contact our accrediting agencies and/or various state and other governmental agencies (www.sagu.edu/complaintprocedure).

For students attending the Valor School of Leadership and Ministry in Griffin, Georgia, in the event your issues with the University cannot be resolved by the methods outlined above, you would contact the Georgia Nonpublic Postsecondary Education Commission, 2082 E. Exchange Pl. #220, Tucker, GA 30084-5334. The phone number is (770) 414-3300 and their website is www.gnpec.org.

The student accident policy serves as a secondary policy for varsity athletes. All varsity athletes are required to provide their own primary medical coverage to meet minimum requirements as set by SAGU. Application Dates

Applications for financial assistance are available after January 1 of each year for the following academic year (August-May). The Free Application for Federal Student Aid (FAFSA) can be submitted online at www.fafsa.gov and should be completed by March 1. Priority is given to students whose FAFSA's are submitted by March 1 and whose files are accurate and complete by April 15. To have funds ready at registration, the following deadlines are suggested: Apply by May 1 and have a complete and accurate file by July 1. Students planning to attend summer school need a FAFSA filed for the academic year preceding the summer session. Students are required to apply for institutional aid prior to the end of late registration each semester. After the end of late registration, students cannot be awarded any additional institutional financial aid even if otherwise eligible.

Financial Aid Eligibility

The financial aid lock in date is the last day a student can receive a 100% refund. This date will determine Pell Grant and Stafford Loan eligibility. Classes added after this day will not be eligible for additional federal or state aid. Federal Pell Grants will prorate by the number of credit hours registered in on this day. Students receiving Pell funds are required to attend at least one class period in each course to become eligible for funding. Stafford Student Loan eligibility requires a student to be locked into no less than six (6) credit hours. In order to qualify for state financial aid, students must lock into the required number of hours for each program. Please see the Financial Aid Office for these program requirements.

Return of Title IV Federal Funds

Introduction

The law specifies how SAGU must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs offered at SAGU that are covered by this law are: Federal Pell Grants, Direct Subsidized and Unsubsidized Loans, Direct PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOG), and Federal Perkins Loans.

Though your aid is posted to your account at the start of each semester, you earn the funds as you complete the semester. If you withdraw during the semester, the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or SAGU or your parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by SAGU and/or you.

A return of Title IV (R2T4) funds calculation is performed when a student who is awarded federal funds withdraws from a semester of study. The Financial Aid Office uses software provided by the U.S. Department of Education to complete this calculation. The student's account statement and financial aid record is used in conjunction with this software.

Estimate of Aid Earned or Aid That May Need to be Returned

The amount of assistance that you have earned is determined on a pro rata basis. For example, if you completed 30% of the semester, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the semester, you earn all the assistance that you

were scheduled to receive for that semester. This means that if a student receiving federal Title IV aid withdraws after completing 60% of the semester, no Title IV funds will be returned. The student is considered to have earned 100% of the Title IV aid for the semester.

Here's an example of how you can estimate the percentage of Title IV aid that you have earned in a semester (enrollment period).

$$\frac{\text{Enrolled Days}}{\text{Days in the Enrollment Period}} = \% \text{ of Title IV Earned By Student}$$

You can also compute a rough estimate of the amount that you may be required to repay prior to withdrawing by using the [U.S. Department of Education's Treatment of Title IV Funds When A Student Withdraws](#) form.

Unofficial Withdrawals and Earning All Non-Passing Grades

If you fail to earn a passing grade in at least one of your courses (i.e. all F's, NC's, all I's or a combination of non-passing grades) during a semester, you are considered to have, for purposes of federal Title IV funds, unofficially withdrawn from the University. As a result, a federal withdrawal calculation must be performed to determine the amount of Title IV funds that you must repay. The only exception is when SAGU can document (within 30 days of the end of the semester) that you should not have been considered unofficially withdrawn. For example, that you were academically engaged after the 60% point of the semester or that you did not meet the requirements for administrative withdrawal in an online course.

Once semester grades post, and if you fail to earn a passing grade in at least one of your courses, SAGU will perform the federal withdrawal (Return of Title IV) calculation.

Post-Withdrawal Disbursement

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, SAGU must get your permission before we can disburse them. We will contact you via LionMail (SAGU email) to offer you a post-withdrawal loan disbursement. Therefore, it is important that you continue to check your LionMail even after withdrawing from a semester. You may choose to decline some or all of the loan funds so that you don't incur additional debt. SAGU may automatically use all or a portion of our post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). SAGU needs your permission to use the post-withdrawal grant disbursement for all other school charges, and this permission is received each semester by each student when you approve your bill and agree to the terms and conditions of registration in your mySAGU student portal.

There are some Title IV funds that you may have been scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, a student that was awarded federal loans but has not accepted the loans in the mySAGU student portal or completed the required MPN or loan entrance counseling cannot receive a post-withdrawal disbursement of loan funds.

Returning Title IV Funds

If you receive (or SAGU or your parent receives on your behalf) excess Title IV program funds that must be returned, SAGU must return a portion of the excess equal to the lesser of:

1. Your institutional charges multiplied by the unearned percentage of your funds, or
2. The entire amount of excess funds.

SAGU must return this amount even if we didn't keep this amount of your Title IV program funds. If SAGU is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a Direct PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Overpayments

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You do not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. You must make arrangements with SAGU or the Department of Education to return any unearned grant funds.

Non-Attendance

If you are a Pell Grant, Iraq-Afghanistan Service Grant (IASG) or TEACH Grant recipient, federal regulations require you to have begun attending the courses for which you are enrolled and receiving these grants. If on the final roll sheet distributed to instructors to confirm attendance your instructor indicates that you are not attending a course, you are assumed not to have begun attendance for that course. Your grant will then be adjusted or cancelled based on the courses you have actually begun attending.

If you fail to begin attendance in all of the courses for which you are registered, you will have failed to establish eligibility for financial aid. In this situation, you will be required to repay all of the financial aid that you have received.

Last Date of Attendance Determination for Programs That Take Attendance

For programs that take attendance (undergraduate on campus courses), the Financial Aid Office uses the student's last date of attendance in calculating whether or not Title IV funds have to be returned to Federal Student Aid. These attendance records are received through Blackboard or instructor records. Additionally, other academic records in Blackboard may be used to help determine the last date of attendance, such as when a student submitted an assignment or completed an assessment in Blackboard.

Last Date of Attendance Determination for Programs That Do Not Take Attendance

For programs that do not take attendance (distance education and graduate on campus courses), the Financial Aid Office uses the withdrawal date in calculating whether or not Title IV funds have to be returned to Federal Student Aid. When a student in a program that does not take attendance is administratively withdrawn or when a student unofficially withdraws, the Financial Aid Office will use the midpoint of the semester in calculating whether or not funds have to be returned to Federal Student Aid, unless SAGU can show documentation of the student's last academically related activity.

Federal vs. Institutional Refund Policy

The requirements for federal Title IV program funds when you withdraw are separate from any refund policy that SAGU has regarding institutional grants and scholarships or other non-federal financial aid. Therefore, **federal funds may not cover all unpaid institutional charges due to a student's withdrawal, and you may still owe funds to SAGU to cover any unpaid institutional charges.** SAGU may also charge you for any Title IV program funds that we were required to return. When you approved your bill for the semester, you were emailed a copy of SAGU's return policy to your LionMail account. If you do not have access to this or are not familiar with SAGU's refund policy, you should contact the Student Billing Office at StudentBilling@sagu.edu or (972)825-4645 to ask for a copy.

Withdrawal Requirements and Procedures

You may contact the Registrar's Office at registrar@sagu.edu or (972)825-4640 so that they can provide you with the requirements and procedures for officially withdrawing from school.

When considering withdrawing from the University, students are encouraged to contact the Financial Aid Office first to see how the withdrawal could affect their aid. The Financial Aid Office will assist the student in making an informed decision. Students can contact Financial Aid at financialaid@sagu.edu or by calling (972)825-4730.

Satisfactory Academic Progress Policy (SAP) - Undergraduate

Southwestern Assemblies of God University is required by law to formulate standards to gauge the progress of students receiving financial assistance through federal, state or institutional aid programs by applying both qualitative and quantitative measurements to academic work [34 CFR 668.16(3)]. These measurements shall be used to determine a student's eligibility for all federal Title IV aid and for other need-based financial assistance, unless the terms of a particular grant or funding source states otherwise.

Time Frame Used in Measuring Progress

All SAP measurements are calculated annually at the end of the spring semester for all programs. Financial Aid Suspension will go into effect at the start of the following fall semester.

Qualitative Progress Measurement: Minimum Cumulative Grade Point Average

A cumulative Grade Point Average (CGPA) of 2.0 or higher must be attained by the end of the student's first spring semester. Students that transfer credits from other institutions will also have this GPA calculated in the CGPA. This average must be maintained at the end of each subsequent spring semester for a student to continue to receive financial aid. Students who do not meet this minimum CGPA requirement will be placed on Financial Aid Suspension. According to SAGU academic grading policy, only the latest grade for a repeated course is calculated into the CGPA. More detailed information on how the CGPA is calculated can be found under the Academic Policies in the catalog.

Quantitative Progress Measurement No. 1: Number of Credit Hours Required to Complete

When students enroll for classes and receive financial aid to pay for them, students are expected to complete those classes. If students do not complete at least 70 percent of the credit hours that are attempted during the year, the student will be placed on Financial Aid Suspension. Only passing grades count as successful completions. Incomplete or other grades that do not result in earned credits will not count as completions.

Hours Attempted	Hours Required to Complete	Hours Attempted	Hours Required to Complete
24	18	23	16
22	15	21	14
20	14	19	13
18	12	17	12
16	11	15	11
14	10	13	9
12	8	11	8
10	7	9	6
8	5	7	5
6	4	5	4
4	3	3	3

Quantitative Progress Measurement No. 2: Maximum Time to Complete a Degree

Students must select a program/degree of study before they can receive financial aid. When students receive financial aid to help pay a program/degree of study, they are expected to complete that program without taking a lot of time.

A student's progress may be evaluated for only one program at a time. Each financial aid applicant must select a primary program/degree of study prior to receiving financial aid payments. A student who is concurrently completing more than one program or major may request additional time to complete the program. A request for additional time must be submitted in writing to the Financial Aid Office.

To make sure that students complete their program in a reasonable amount of time, a limit set by law has been placed on the number of hours that students can attempt in order to complete the program/degree. That limit is 150 percent of the minimum number of hours required to complete the program/degree. (For example, if you are in a program/degree that takes 66 hours to complete, you must finish your program within 99 attempted hours. If you are in a program/degree that takes 120 hours to complete, you must finish your program within 180 attempted hours.)

Once students reach the 150 percent limit, they will no longer be able to receive additional financial aid payments. There are many variables that go into calculating that limit, including, but not limited to:

1. All attempted credit hours are counted regardless of whether or not financial aid was received to pay for them.
2. Any transfer hours that are accepted from other colleges toward completion of the program are counted. If you are a transfer student, you must submit transcripts from all previous colleges.
3. If a course is repeated, all attempts are counted.
4. If a student withdraws from a course, it is still counted as an attempt.

Note: If a student cannot complete the program within the 150 percent limit, they will be placed on Financial Aid Suspension when that determination is calculated. Students have the ability to submit an appeal for this determination.

Financial Aid Suspension

If a student fails to meet any one of the SAP measurements described above, they will be placed on Financial Aid Suspension. While on suspension, students will not be eligible to receive any financial aid. Students will be notified of this via their campus email address.

Reinstatement Procedures

To regain financial aid eligibility, a student must pay the expenses related to at least half-time enrollment (6 or more hours in a semester) during the period of suspension and satisfy all SAP requirements. After meeting all SAP requirements, the student must request reinstatement of eligibility in writing to the Financial Aid Office.

Appeal Process

Students placed on Financial Aid Suspension may petition the Financial Aid Department to consider mitigating (special) circumstances that resulted in inability to meet the SAP requirements. The appeal must be typed and must include the Suspension Appeal Form, an explanation with supporting documentation (i.e., medical statements, divorce documents, letters of unemployment, etc.) of the

reason(s) the minimum academic standards required by SAP policy were not achieved. Additionally, each appeal must be submitted with a letter of endorsement from an SAGU faculty/staff member. The appeal narrative and documentation should also demonstrate that the adverse circumstances have been resolved.

All appeals will be reviewed within 7 business days of the Financial Aid Office's receipt of a complete appeal (appeal form, student's appeal letter, endorser letter and supporting documentation). Notification of the review will be sent via SAGU email.

For appeals that have been approved, students will be placed on Financial Aid Probation for one academic year, beginning with the next fall semester. SAP will be calculated again at the end of the spring semester; if the cumulative standard is met, students will be placed back in good standing. Students that meet SAP for the academic year, yet are not meeting the cumulative requirement, will remain on Financial Aid Probation until the requirement is met.

For students that have been denied, there is another level of appeal. The student must request, in writing, a review by the Financial Aid Committee. Appeals that have been approved at this level will be required to see an academic counselor in order to tailor the class schedule for student success.

Developmental Course Work

Students may take up to 30 hours of developmental course work and receive financial aid to pay for those costs. These hours do not count toward the 150 percent limit to complete the student's degree, but the student will be measured against Quantitative Measurement No. 1 described above. Once the student has attempted 30 developmental hours, he/she will only be paid for attempts of credit hours toward their program. The student cannot receive financial aid to pay for extra developmental hours.

Summer Enrollment and the SAP

When calculating the SAP status, summer attempted hours will be counted toward the 150 percent maximum, and summer grade points earned will be calculated as part of the cumulative grade point average. The rule pertaining to completion of a minimum number of attempted credit hours will not be calculated for summer enrollment.

Financial Aid Will Not Pay For:

- Any credit hours in excess of the 150 percent maximum program limit (see discussion of Quantitative Measurement No. 2 above)
- Courses taken by audit
- Credit hours earned by placement tests
- Courses registered for after the official certification date of the semester (last day to receive 100% refund)

FINANCIAL ASSISTANCE

A number of scholarships, grants, loans, and work opportunities are available to help students. Further information and applications are available through the Financial Aid Office. Funding sources are subject to change without notice.

FEDERAL ASSISTANCE PROGRAMS

General Eligibility Requirements and Deadlines

A student seeking financial aid must be a U.S. citizen or an eligible non-citizen; be seeking a degree, diploma or certificate; have a high school diploma, GED, or prove ability to benefit by passing an approved test; not be in default on any educational loan; not owe a refund on a federal grant; agree to use federal aid solely for educational purposes; and make satisfactory academic progress.

Applications for federal student aid must be submitted on an annual basis. The Free Application for Federal Student Aid (FAFSA) and the Institutional Financial Aid Application should be filed as soon after the first of the year as possible. Priority consideration is given to students who submit these documents by March 1 and complete their files by April 15 for the next academic year. Financial Aid packets are available in the Financial Aid Office.

Federal Pell Grant: This is a federally funded grant based on financial need. A Free Application for Federal Student Aid (FAFSA) must be filed annually to determine eligibility. The FAFSA may be completed online at www.fafsa.gov. The amount of the grant depends on the student's (a) family contribution, (b) enrollment status, and (c) length of time enrolled during the academic year.

Federal Supplemental Educational Opportunity Grant (FSEOG): The FSEOG program is a federally funded grant program. FSEOG's are awarded first to students with exceptional need. Priority in awarding FSEOG's is given to full-time students who receive Pell Grants and apply by the March 1 deadline.

Federal Work-Study Program (FWS): The FWS program is federally funded. This program provides employment opportunities for students to assist them in earning the funds necessary to meet college costs. The student normally works 8-12 hours per week. The student must show financial need as determined by the Free Application for Federal Student Aid. Employment is not guaranteed. There are more eligible students than there are positions.

Federal Stafford Loan Program (Subsidized and Unsubsidized): The Stafford Loan is a low-interest loan made by a participating lender such as a bank, credit union, or savings and loan association. Students may borrow an annual maximum of \$3,500 per year as a freshman, \$4,500 per year as a sophomore, and \$5,500 per year as a junior and senior. Additional unsubsidized loan money is available under certain circumstances. Minimum monthly payment is \$50 per month and payment begins six months after the student ceases to be enrolled at least half time. Maximum repayment period is ten years.

Federal Parent Loan for Undergraduate Students (PLUS): PLUS Loans are meant to provide additional funds for educational expenses at a current rate of interest. Parents may borrow up to the cost of attendance minus any other aid for each child who is attending at least half time as a dependent undergraduate student. Normal repayment options require payments beginning within 60 days of the final disbursement. However, repayment options vary; contact your lender regarding these options. Parents can apply online at www.studentloans.gov.

Bureau of Indian Affairs Grant (BIA): Students should contact the area BIA Office in which they are registered to determine eligibility. Students may be required to submit a FAFSA.

Veterans Benefits: Veterans and veteran dependents may be eligible for Educational Benefits through the Department of Veterans Affairs. Contact your area Veterans Affairs Office to see if you meet eligibility requirements. Veterans are certified for enrollment through the Registrar's Office. Student eligibility for VA Rehabilitation is processed through the Financial Aid Office.

STATE ASSISTANCE PROGRAMS

Tuition Equalization Grant (TEG): TEG is a need-based state grant. In order to be eligible, students must be full-time Texas residents, meet certain financial need and academic requirements, not be a ministry major pursuing a degree program that leads to a career in church work, and must not receive an athletic scholarship. Funding is very limited. Not all Texas residents will be eligible and some eligible students will not receive TEG because of limited funds.

College Access Loan: Established by the 70th Legislature, this loan program was created primarily to help families who do not qualify for the need-based loans. The amount the student can receive cannot exceed the cost of attendance. Promissory notes must be co-signed, notarized, and a credit check of the co-signers will be administered. Applications are available online at www.hhloans.com.

Vocational Rehabilitation: Students with disabling conditions may be eligible for assistance. Contact your Area Rehabilitation Commission Office. Student may be required to file a FAFSA.

** Priority Deadline indicates the latest preferred date that the admission process is begun. Applying by this date helps insure all needed documents can be completed before registration. In addition, early applicants receive higher consideration for institutional scholarships, grants and University housing. All prospective students are encouraged to make application as early as possible within 18 months of expected enrollment.*

Enrollment Deposit

All new undergraduate on campus students (first-time freshmen or transfer) must pay a \$150 Enrollment Deposit as part of their application process. This deposit serves to lock-in selected classes, financial aid and the student's dorm reservation if applicable. Fifty dollars serves as an enrollment fee and \$100 serves as a deposit. Upon registration and beginning semester classes, \$100 of the initial deposit will be credited to the student's account at the conclusion of late registration. If an applicant decides not to attend, the Admissions Office must receive written notification before July 15 (Fall semester deadline) or December 10 (Spring semester deadline) in order to receive a \$100 reimbursement. If the Admissions Office is not contacted by these deadlines, no refund will be given.

Entering Freshmen

For admissions consideration into Southwestern Assemblies of God University, applicants for admission must meet the following requirements:

1. Submit an official high school transcript showing the date of graduation and a minimum GPA of 2.0* from an accredited public or private high school, home school, or proof of high school equivalency (GED). High school transcript must include the appropriate college preparatory classes.
2. Submit a completed and signed application for admission. You may apply online or print the needed documents at www.sagu.edu/admissions. All prospective students are encouraged to make application as early as possible within 18 months of expected enrollment.

3. Enclose a \$35 **non-refundable** application fee; this fee is a one-time processing charge.
4. Submit the Minister's Reference Form. The form should be from a licensed or ordained minister who has personal knowledge of your Christian lifestyle, ministry, and moral integrity.
5. Submit a well-written essay as described in the application discussing your personal and academic background, salvation experience, ministry involvement and future plans.
6. Submit scores from the American College Test (ACT) or Scholastic Aptitude Test (SAT) taken within the last 5 years. The ACT test is preferred. The minimum score required for the ACT is a composite of 19*, or a combined SAT Equivalent. See www.collegeboard.org for SAT to ACT conversion.

All materials submitted during the admissions process become property of SAGU and will not be returned.

* *Students that do not meet the minimum academic admissions requirements may be considered for admission on a case-by-case basis as determined by the Admissions Committee. Contact your Admissions Counselor for more information.*

Admission of Home-Schooled Students

Home-schooled students are encouraged to apply for admission. The Admissions Office works with home-schooled students individually considering each situation as unique. Requirements are the same as other freshmen or transfer applicants. A record of grades from grades 9-12 must be submitted in the form of a transcript, or GED certification. An ACT or SAT score is also required.

Home-schooled students under the age of 17 who do not have a high school diploma from an accredited high school or organization, and do not have a GED, may be admitted under a "non-degree seeking" status. By law, these students are not eligible for state or federal financial aid until they reach the age of 17, but may be eligible for institutional aid. At age 17, these students will be changed to "regular-degree seeking" status, at which time they may be eligible for state and federal financial aid.

Mandatory Vaccinations

Effective January 1, 2012, the Texas Legislature passed new regulations (with limited exceptions) that affect all students planning to take classes on the SAGU campus. Please read the following very carefully:

Meningitis Vaccination (state requirement):

- All new or transfer SAGU students wishing to take classes on the SAGU campus must have received the **Meningitis vaccine within the last 5 years**.
- SAGU students who do not attend during a fall or spring semester but wish to return to classes must also receive the Meningitis vaccine.
- Regardless of program (on campus or distance education, undergraduate or graduate), students wishing to take on campus classes must receive the Meningitis vaccine. See age exception below.
- You are strongly encouraged to receive the vaccine as soon as possible at your local clinic or doctor's office. You must receive the vaccine **ten (10) days prior** to beginning classes and/or moving into SAGU housing.
- **Students 22 years of age or older by the first day of the start of the semester are NOT required to receive the Meningitis vaccine.**

The influenza vaccine is also strongly recommended for all students.

Student should submit official documents from a doctor's office or medical clinic indicating they have received the Meningitis vaccine. Documents should be submitted as soon as possible and before arrival on campus. Students will not be allowed to move into University housing or begin classes until these requirements are met.

By state law students are able to receive an exemption from vaccinations. Exemptions may be granted by submitting:

- Signed certificate from a physician indicating that in the physician's opinion, the vaccination required would be injurious to the health and well-being of the student, or
- Affidavit signed by the student and notarized stating that the student declines the vaccination for reasons of conscience, including a religious belief. **A conscientious exemption form from the Texas Department of State Health Services must be used.** <http://webds.dshs.state.tx.us/immco/affidavit.shtm>

New Student Orientation and Strategies for Student Success

All new on-campus students will be required to attend and participate in SAGU's New Student Orientation and the course GES 1122 Strategies for Student Success during their first semester at SAGU. Students beginning in the summer semester will be required to participate in the following fall semester.

On-campus students transferring into SAGU with less than 30 hours will be required to take the course GES 1122 Strategies for Student Success and attend SAGU's New Student Orientation. Students with 30 or more transfer hours may have the course GES 1122 Strategies for Student Success waived; however, the required hours will be added to the student's general electives. Students with over 30 transfer hours are also strongly encouraged to attend the New Student Orientation.

All new undergraduate Distance Education students are required to take GES 1122 regardless of the number of transfer hours.

Credit by Examination

The following policies and procedures govern all credit awarded through any advanced placement or credit by examination program:

1. Credit by examination may be earned for:
 - a) any course (or its equivalent) in which the student has not been officially enrolled in at SAGU beyond the 12th day of classes.
 - b) any subject area in which the student has not already earned credit for a more advanced course, except by permission of the Vice President for Academics.
 - c) any course for which the student has not already received a grade.
2. Credit by examination courses are recorded on the transcript as a credit (CR) rather than a letter grade.
3. A student may receive credit for a maximum of 25% of course work toward a degree. These hours do not count as credit earned in residence.
4. Credit received by examination satisfies degree requirements in the same way as credit earned by passing courses.
5. Students may not attempt credit for a CLEP examination for a course in which a failing grade has been earned at any educational institution.
6. Students desiring undergraduate credit based upon examination must take the examination

- at least one semester prior to the semester of their graduation.
7. Students are required to officially declare any CLEP, AP, or ACT credit within their first academic year.
 8. A recording fee will be charged per credit hour. See current fee schedule for amount.
 9. Credit will be posted after twelve semester hours have been earned in residence.

ACT Scores

Any student scoring between 27 and 28 on the English portion of the American College Test (ACT) will be exempted from taking ENG 1113 Composition and Rhetoric I. Students scoring between 29 and 31 will receive academic credit for ENG 1113 Composition and Rhetoric I. Students scoring a 32 or higher on the English portion of the ACT will receive academic credit for ENG 1113 Composition and Rhetoric I and ENG 1123 Composition and Rhetoric II.

Students scoring a 22 or 23 on the Math portion of the ACT will be exempted from taking MTH 1113 College Math, if required. Students scoring a 24 or 25 on the Math portion of the ACT will be exempted from taking MTH 1123 College Algebra, if required. Students scoring 26 or higher on the Math portion of the ACT will receive academic credit for MTH 1123 College Algebra.

Students scoring 26 or higher on the Science portion of the ACT will receive academic credit for BIO 1113 Biological Science and BIO 1111 Introduction to Biological Science Lab.

Students exempted from taking a course must make up the hours in their general electives. Scores must be from a nationally administered test and must be sent directly to the University from ACT. All scores must be validated by the Registrar's office prior to the awarding of exemptions or credit. Students may not receive ACT credit for courses in which they already have credit.

Advanced Placement (AP) Program

High school students with superior academic achievements may earn college credit through the College Board Advanced Placement Program. Scores should be submitted to the Registrar's Office. Only scores of 3, 4, and 5 will be considered for credit.

College Level Examination Program (CLEP)

CLEP tests are designed to evaluate nontraditional college-level education such as independent study, correspondence work, etc. Both enrolled undergraduate students and entering freshmen may receive CLEP credit for CLEP tests, which are classified as "Subject Examinations." Scores are not accepted for CLEP "General Examinations." Credit will be awarded based on the University's criteria and required scores. (Students are not eligible to earn ENG 1113 credit by examination if they have earned more than 30 credit hours.)

Defense Activity for Nontraditional Educational Support (DANTES) Program

Enrolled undergraduate students and entering freshmen may receive DANTES credit for some examinations. Credit is awarded on a course-by-course basis as recommended by the Registrar. Credit will not be accepted for business, English, foreign languages, history or speech courses. Contact the Registrar's Office for information.

The International Baccalaureate (IB) Program

Students who received their diploma through the International Baccalaureate program will receive college credit on the Higher Level International Exam with a test result of 4 or better. The amount of credit awarded will depend upon test scores. The hours will only be awarded after review of the International Baccalaureate transcript.

Early Admission/Dual Credit Program

The Early Admission/Dual Credit Program is designed for high school students who wish to enroll in college level courses. Students may enroll in up to 6 credit hours per semester. Students can earn up to 24 credit hours before fully enrolling in the University. These students are considered non-degree seeking students until fully admitted to the University. Contact the Admissions Office for current requirements and pricing.

Admission as a Transfer Student

Transfer students must meet the same admissions requirements as entering freshmen. (See above.) However, students transferring into SAGU with at least 21 hours of applicable transfer credit may have their high school transcripts and ACT or SAT score requirements waived. *Applicable credit is defined as credit that applies to the student's intended degree program at SAGU.* SAGU reserves the right to request transcripts or scores from students, regardless of total number of credits transferred.

In addition, official transcript(s) from each college attended must be sent directly from that college to the SAGU Admissions Office. Transfer students are expected to have eligibility to re-enroll in the last school attended. Any enrollment permitted without an official transcript is only conditional and **no credit** will be allowed until a satisfactory transcript is on file. Students entering with this status are considered freshmen until official transcripts are received, evaluated, and processed.

Transferring From Unaccredited Institution

Students transferring in from unaccredited institutions are required to submit ACT or SAT scores, regardless of total number of credits transferred. Scores will be used for academic placement. For complete details concerning SAGU's unaccredited institution policy, please refer to the Transfer Policy section.

Academic Status

When determining a transfer student's academic status, the total number of hours attempted and cumulative grade point average from all transfer schools are used. Any student transferring into SAGU whose cumulative grade point average falls below SAGU standards will be placed on the appropriate academic status. If deemed necessary, a student may be given conditional admittance as determined by the Admissions Committee.

Admission of Former SAGU Students

Former students* seeking to re-enroll must:

1. Submit a new application form.
2. Submit an updated minister's reference form.
3. Submit official college transcripts if other colleges were attended during absence from SAGU.

* Former students are defined as students who have not attended SAGU for one year or more.

Admission as a Special Student

Non-degree seeking students should contact the Admissions Counselor for current information regarding special student admissions.

Admission of International Students

SAGU is authorized by the Department of Homeland Security (DHS) to educate non-immigrant students (F-1 classification). International applicants of other classifications or statuses must be legally

eligible to study in a U.S. academic institution before they are admitted to SAGU. Please contact the International Student Advisor for more information.)
7. Submit scores from the American College Test (ACT) or Scholastic Aptitude Test (SAT) taken within the last 5 years. The ACT test is preferred. The minimum score required for the ACT is a composite of 19*, or a combined SAT Equivalent. See www.collegeboard.org for SAT to ACT conversion. ACT testing centers are available internationally and, in certain instances, upon request. For more information, please go to www.act.org.

Financial sponsors are expected to assume all expenses incurred while at SAGU. An I-134 **Affidavit of Support Form** or notarized letter must be completed to verify sponsorship. I-134 forms can be downloaded online at www.uscis.gov. Current, official bank statements indicating at least six (6) months of activity must accompany all Affidavits of Support. If students intend to support themselves during their stay in the U.S., they must provide proof of financial capability to pay all expenses associated with studying at SAGU. Students may request a list of projected expenses from the International Student Advisor.

All materials submitted during the admissions process become property of SAGU and are not returned.

* *Students that do not meet the minimum academic admissions requirements may be considered for admission on a case-by-case basis as determined by the Admissions Committee. Contact your Admissions Counselor for more information.*

I-20 Issuance

In addition to the Admission's requirements above, F1 applicants are required to submit the following before an I-20 is issued:

Proof of English Proficiency - All international students are to submit the Test of English as a Foreign Language (TOEFL) with a minimum score of 525 paper-based, 197 computer-based, or 71 internet-based. The student must have taken the test within the last five years. (Applicants from certain countries or transferring more than 30 hours from a regionally accredited U.S. institution may be exempt from this requirement. Please contact the International Student Advisor for more information.)

Proof of Financial Support - If students intend to support themselves during their stay in the U.S., they must provide proof of financial capability to pay all expenses associated with studying at SAGU. International students who are not financially able to support their studies must arrange for their own financial sponsors. Financial sponsors are expected to assume all expenses incurred while at SAGU. These expenses include but are not limited by tuition, room and board, living expenses, supplies, and emergency expenses. Sponsors must complete an I-134 **Affidavit of Support Form** or notarized letter to verify sponsorship. Sponsors may download I-134 forms at www.uscis.gov. Current, official bank statements indicating at least six (6) months of activity must accompany all Affidavits of Support and notarized letters. Students may request a list of projected expenses from the International Student Advisor.

First Semester Deposit - SAGU requires that all F1 applicants submit their first semester's payment in full prior to receiving an I-20. In the event that the student is not able to attend SAGU for the semester they were intending, SAGU will refund the money to the owner.

Full-Time Requirement for Students in F-1 Classification

In addition to being accepted, the Department of Homeland Security requires all undergraduate students on an F1 visa to maintain full-time enrollment while studying in the U.S. All requests for a reduced course load must be made in advance to the International Student Advisor and must meet specific DHS-regulated criteria. According to the Code of Federal Regulations, students must only count three (3) credit hours of online courses per semester toward their full-time load.

Divorced/Separated Students

Divorcees who have not remarried, and whose former spouse is still alive, may be admitted only on the following conditions:

1. The divorce must have been legally finalized for at least three months prior to admission.
2. The applicant must agree to pre-registration counseling with the Vice President for Student Services and to reside off campus if required. Dating is prohibited without the consent of the

Vice President for Student Services and the parents. Persons who are separated from spouses are not permitted to date.

The University reserves the right to grant admission based upon the facts found in each individual case.

Former Inmates of Penal Institutions

6. Extensive character references should be included with any application submitted by a convicted felon.

TRANSFER POLICIES

Transfer of Credits from Accredited Colleges or Universities

Credit for courses that have been earned at other regionally accredited colleges or universities with a grade of “C-” or above and meet the requirements of the student’s chosen degree may be transferred into undergraduate studies at SAGU. Courses completed with a grade of “D+” or below will not be accepted in transfer. Southwestern only transfers credit to meet course requirements for graduation. With the exception of transient courses, grades received at other institutions are not entered on Southwestern transcripts and do not count toward the student’s GPA. Transient courses - courses taken by continuing SAGU students - will still have grades recorded on the SAGU transcript.

Students must request official transcripts from their previous institutions be sent to the Admissions Office in order to transfer credit. Official transcripts must come directly from the sending institution. The University determines acceptable transfer credit from other institutions based on evaluation of course content as described in the catalogs of those institutions and in consultation with appropriate academic units at SAGU as necessary for clarification. Transfer credit may only be received for course work completed at regionally accredited institutions, or institutions which satisfy SAGU’s Unaccredited College Policy. A lower-level course that is transferred for an upper-level course does not count towards the upper-level hour requirement.

New/Returning Transfer Student

For policies concerning transfer credit for new and returning students, please refer to section entitled Admission as a Transfer Student.

Current Student

Continuing students - students currently enrolled - planning on transferring in courses from other colleges should check with the Registrar’s Office before taking any course work. Students who are within the last 30 hours of their degree can only transfer six (6) additional hours. Continuing SAGU

students who take courses as transient students at other institutions may transfer their grades back to SAGU.

Transfer of Credits from an Unaccredited College

In order to have courses from an unaccredited college evaluated, the student must complete the following steps:

1. An official transcript (signed and sealed) must be sent directly from the college to the Admissions Office.
2. An official transcript from the sending college as to the duration of courses must be provided. This must include how many minutes the course met each day, how many days it met each week, and how many weeks it met in each semester.
3. Letters from at least three (3) colleges that are regionally accredited or accredited with the ABHE (Association for Biblical Higher Education) that indicate acceptance of the credits from the unaccredited college in question must be submitted. In addition, a statement of how the credits are accepted should accompany the letters (for example, the credits are accepted on probation, only half of the credits are accepted, only Bible courses are accepted, etc.).
4. A catalog that has a full course description of each course represented on the transcript must be provided.
5. The student must provide a syllabus for each course.
6. Please note that students transferring credits from unaccredited institutions will be required to submit ACT/SAT scores regardless of total number of hours transferred.

Finally, the student must validate the transfer of unaccredited courses by earning at least a 2.0 grade point average during the first 24 credit hours of study at SAGU.

Transfer of Developmental Course Work

Please refer to section following entitled Developmental Studies Courses Policies.

Military Credit

Credit is reviewed on a course-by-course basis. Former military personnel may receive up to four (4) hours of physical education credit with proper documentation.

Vocational/Technical Credit

General Guidelines for Acceptance of Vocational Type Credit

SAGU will accept a limited amount of vocational/technical credit towards the completion of a degree. Courses that are terminal in nature and focus on a single trade or craft (cosmetology, massage therapy, automotive, etc.) are not eligible for transfer. Also, SAGU will only transfer credit from institutions for which transfer is a stated option and are accredited by a CHEA-recognized accrediting agency. SAGU does not accept vocational credits that are awarded through Continuing Education Units (CEUs).

Courses eligible for transfer should meet the following requirements:

1. Courses are transcripted as college credit and are not terminal in nature.
2. Transferring institution is accredited by a CHEA-recognized accrediting agency.
3. Courses cover a range of intellectual and professional skills rather than narrowly focusing on a repetitive single skill set or craft.

Acceptance of Credit for Courses In Which SAGU Does Not Offer Programs

SAGU will accept up to 12 elective hours of vocational, technical, or applied sciences credit towards degrees in which SAGU does not have a specified emphasis in the coursework being transferred. Credit will be evaluated for quality, content, and learning outcomes. The general guidelines for acceptance of vocation credit as stated above apply. Courses eligible for transfer should employ a theoretical framework and higher-order thinking skills for the vocation in which they are being trained.

Acceptance of Credit for Courses In Which SAGU Offers A Program

For technical coursework in which SAGU does have an area of emphasis (Criminal Justice), transfer credit will be assessed on a course-by-course basis for applicability. All credit must still meet the general guidelines for acceptance as stated above.

Correspondence Work

SAGU will accept up to twelve hours of correspondence work from a regionally accredited university toward a degree.

DEVELOPMENTAL STUDIES COURSES POLICIES

Developmental studies courses, as listed below, are integral to the success of those students entering the University with academic challenges. Placement of students into such courses is dependent upon entrance examination scores and any applicable transfer credits. Enrollment in a developmental course incurs the same charges and is valid for the same financial aid as non-developmental courses. Successful completion of a developmental course does not apply toward a student's degree completion.

Achievement in Mind (AIM) I (GES 0011) and II (GES 0021): Placement in these courses is determined at the time of initial enrollment, based upon composite ACT scores.

Crossroads (GES 0031): Required for all students with the academic status of Academic probation.

English Development: Upon initial enrollment, students with an ACT English or Reading score below 18 or the equivalent SAT Critical Reading score or below are required to enroll in ENG 0113, Integrated Reading and Writing, their first semester. Students who demonstrate mastery of learning outcomes, including a final essay, will be eligible to enroll in ENG 1113, Composition and Rhetoric I. Students may repeat this course for credit until they have met course objectives. Students with scores of 18-19 (or the SAT equivalent) will enroll in ENG 0111, Composition Lab, concurrently with ENG 1113, Composition and Rhetoric I.

Math Development: Upon initial enrollment, students with an ACT Math score of 20 or below or an SAT Math score equivalent are required to enroll in MTH 0043 Developmental Math Sequence in their first semester and master a designated number of modules, determined by the level of mastery indicated on the placement exam, in order to earn credit. Students may repeat this course until they have mastered all of the modules determined by their initial placement results and required for their degree plan's General Education Math course.

Transfer of Credits From or To Other Colleges or Universities

In addition to other transfer policies, students may not receive credit toward graduation requirements for courses that SAGU deems "developmental" or "remedial." If credit is received for these hours at another university, SAGU may use these credits as a placement device into subsequent courses.

SAGU does not authorize the transfer of the following courses to any college or university for standard graduation credit. Use of these courses as a placement tool is purely via institutional prerogative. These courses may be considered “developmental” or “remedial.” Each of these courses will receive a grade of Credit/No Credit (CR/NC).

ACADEMIC POLICIES

Required Student Participation in University Surveys

SAGU engages in an ongoing program of assessment to determine the effectiveness of its education programs and services and to make informed strategic planning decisions. This process, under the direction of the Dean for Institutional Effectiveness, involves the participation of students in nationally standardized assessment instruments as well as tests and surveys developed within the University. The type and frequency of assessment instruments will vary according to the needs of the University. SAGU expects each student to participate in the following events as directed by the University:

Graduating Student Survey

Administered during the last semester of all graduating students

Assessment of General Education Progress

Administered to all Juniors

Student Satisfaction Inventory

National Survey of Student Engagement

Career Services Exit Questionnaire

Residence Hall Survey

Other surveys as needed

Academic Records

Student records are housed in the Registrar’s Office. Grade reports are available online after the conclusion of each semester. Transcripts may be requested in writing for a fee. Transcripts will be released only when students are clear of all financial obligations to the University and are current on all student loans. If a student wishes to petition a grade it must be done in writing to the Registrar’s office.

Classification of Students

Classification of students is determined at the beginning of each semester. Classification will be determined as follows:

Freshman:	0 - 29 hours
Sophomore:	30 - 59 hours
Junior:	60 - 89 hours
Senior:	90 or more hours
Full-time Student:	A student who is carrying at least 12 semester hours
Part-time Student:	A student who is carrying less than 12 semester hours
Special Student:	A student who is not pursuing a degree

Grading

Grade point averages are computed using only the following grades and grade points for each semester hour attempted.

A	93-100	4.0
A-	90-92	3.7
B+	87-89	3.3
B	83-86	3.0
B-	80-82	2.7
C+	77-79	2.3
C	73-76	2.0
C-	70-72	1.7
D+	67-69	1.3
D	63-66	1.0
D-	60-62	0.7
F	59-below	0.0
CR	Credit	
PR	Progress	
NC	No Credit	
P	Pass	
NP	No Pass	
I	Incomplete	
W	Withdrawn	
WP	Withdrawn Passing	
WF	Withdrawn Failing	
WC	Withdrawn Credit/NC	

The following grades are given to specific courses: CR, PR, NC, P, NP. These grades do not affect grade point averages but do count toward academic degree requirements and academic progress.

Course Grade Amendment Procedure

Grades fall within the purview of the faculty who bear responsibility for assigning them. Any student requesting a review of a course grade must initiate the discussion with the faculty member who assigned the grade.

The Unit of Credit or Semester Hour

The unit for calculating credit is the semester hour. Each course (except developmental, physical education, music performance, and laboratory courses) gives as many semester hours credit as the number of hours spent in class per week. It is expected that two hours preparation will be made for each hour spent in class.

Student Load

Students enrolled in fewer than 12 semester credit hours are classified as part-time. Students enrolled in 12 or more semester credit hours are classified as full-time students. Students desiring to take more than 20 semester credit hours must secure special permission from the Assistant Dean for Student Records.

Seminars

SAGU offers a variety of CR/NC seminars usually for the purpose of exposing students to talented field expertise. Students are allowed to take as many as they wish; however, only three seminars graded “CR” may be counted toward meeting graduation requirements.

Majors and Specializations

Major refers to the student’s general field of study and consists of a minimum of 9 hours for an Associate’s degree and a minimum of 30 hours for a Bachelor’s degree. Specialization refers to a related specific sub-field of study within the major and consists of a minimum of 9 hours for an Associate’s degree and a minimum of 18 hours for a Bachelor’s degree. All full-time students are to include at least one course from the General Biblical Studies component of General Education Studies per semester of enrollment until their requirement is satisfied. Part-time students are to include at least one course from the General Biblical Studies component per 15 semester credit hours of enrollment at SAGU.

Secondary Majors/Specializations - General Requirements

All degree-seeking students must declare a primary major/specialization. The primary major/specialization will serve as the principal basis for advising and course selection. Students may not use courses in the primary major as substitutions for courses in a secondary major (or vice-versa) unless it is for elective type courses. Programs where the major studies or specialization studies areas are left open for elective-based credit do not qualify for secondary majors/specializations.

Bachelor’s Degrees

Students wishing to declare a second major may do so by completing a minimum of thirty (30) hours unique to the second major in the major studies area. Students may request a second specialization by completing a minimum of fifteen (15) hours unique to another specialization in the specialization area. Students may not declare a secondary major or specialization where the respective number of unique hours is less than the minimum stipulated above. Students must complete all unique degree requirements for both programs.

Associate Degrees

Students may complete a second associates major by completing all hours unique to the second major. Additionally, there must be at least nine (9) hours difference between the primary and secondary major.

Minor

A minor consists of 15-18 semester hours of coursework in a single subject (as outlined by academic departments) outside the student’s major field. At least 6 of those hours must be at the junior/senior level. General education courses in the minor subject may count toward the total required hours for the minor. The purpose of the minor is to give the student an additional, though lesser, area of concentration and expertise beyond the major field. Students pursuing elective-based degrees or degrees with 30 or more hours in elective credit may declare one minor from the list of available minors in their catalog year.

Special Opportunity

SAGU offers a core-curriculum of Bible/theology/ministry courses that can qualify students from any degree program to pursue ministerial credentials with the Assemblies of God. This 24 credit core

consists of curriculum approved by the General Council of the Assemblies of God and SAGU owner districts for the purpose of ministerial credentials. At any point, a student who has completed all 24 credits may engage the credential process: Bible Study, The Church in Mission, Foundations of Church Ministries, Authentic Christianity, New Testament Literature, Old Testament Literature, Introduction to Theology and Apologetics, and Pentecostal Doctrine and History. Please refer to section entitled “Ministerial Credentials for All SAGU Students.”

Audit Courses

Course audit is an option for students who want to gain more knowledge on a subject, but do not need the course for their degree. Audits are only intended to give students a theoretical basis in a subject area and not intended for mastery of a subject. Therefore, students auditing a course only receive a grade of AU and are not required to complete the assignments or participate in class discussions.

Course audits are not available via online. Additionally, students may not audit courses that are skilled-based such as applied music courses, physical education courses, lab courses, internship/practicums, or computer skills courses.

Students who wish to audit a course must request to do so through the Registrar’s Office during late registration. Audits are subject to seat availability. Further policies and procedures are available in the Registrar’s Office. There is a fee associated with auditing a course which is due in full at the time of registration.

Incomplete Work

1. The grade of “I” (incomplete) is an exceptional grade given only to students who have satisfactorily completed 50% of the course assignments/requirements, but who, for reasons beyond their control, have been unable to complete all course requirements. The granting of an “I” occurs only when mutually agreed upon by student and instructor.
2. Procedures
 - a) The student must apply to the instructor for an “I” by a specified date on the academic calendar.
 - b) The student is responsible for obtaining the remaining requirements of the course from the instructor.
 - c) If the work is completed within sixty (60) days from the last day of the semester, or within a shorter time frame specified by the professor, the “I” will be changed to the earned grade. No academic work may be submitted after the conclusion of the sixty (60) day period.
 - d) If the instructor does not submit a change of grade, the “I” will become the terminal grade.
 - e) The grade of “I” will appear on the permanent record of the student but will not be used in the determination of the cumulative grade point average. It does, however, count in the determination of satisfactory academic progress.

Honors

After each semester, the Registrar publishes a President’s List of all students who have been enrolled for at least 12 semester hours earning a 4.00 semester grade point average, and a Dean’s List of students making a 3.50-3.99 semester grade point average. All work must have been completed on time. A student earning grades of “I”, “WF”, “WP”, “NC”, “WC”, “PR”, or “NP” do not qualify. Developmental courses, transfer courses, and credit by exam do not count toward the 12 semester hour requirement. However, college-level SAGU courses with CR grades (practicums, student

teaching, seminars, etc.) may count towards the 12 hour minimum provided the student took other courses which resulted in an eligible semester GPA.

Honors are noted at commencement to graduating bachelors students with high cumulative grade point averages for all their college work.

3.50 - 3.74	Cum Laude
3.75 - 3.89	Magna Cum Laude
3.90 - 4.00	Summa Cum Laude

Examinations

1. Instructors give regular examinations during class hours within the semester. To make up an announced test, approval must first be secured from the instructor.
2. Final examinations occur at the end of each semester. All students must take these examinations. Graduating seniors with a grade of B or higher within a course may be exempted from the last examination of the course if the professor designates it as a final exam. However, a graduating senior with a grade of B or higher within a course, at the professor's prerogative, may or may not be exempted from a unit exam given during the final examination week. Early final examinations will not be permitted except for extraordinary emergencies.
3. Late final examinations may be administered by the Testing Center up to 60 days after the end of the semester only.

Distance Education Examinations

The student should ensure that the examination method is understood prior to taking the test. The DE program has various online testing procedures, and methods may vary even within the same course. It is recommended that the course syllabus be reviewed carefully and questions be directed to the instructor prior to taking online exams.

Whatever the testing method may be, all students must realize that exams must reflect the independent work and expertise of the student being tested. Questions concerning the content or grading of an exam should be directed to the course instructor and not posted on any electronic discussion area.

Online course exams are administered in Blackboard. To access the exam, the student should log in to the Blackboard course and follow the specific instructions as listed in the course syllabus.

Academic Integrity

Studies at SAGU are as inherently spiritual as they are intellectual. Students are admitted with the expectation of a commitment to honesty and stewardship. The true worship of God requires the worship of the whole being ("you shall love the Lord your God with all your...mind" Matthew 22:37). Students are expected to be honest in fulfilling all academic requirements and assignments. This pertains to examinations, themes, book critiques, reading reports, etc.

Therefore, any form of cheating or academic dishonesty is unfit to basic Christian discipleship and cannot be tolerated. Anyone cheating on a test or assignment may receive an "F" for the assignment or for the course and potentially face disciplinary action by the school. Course notes and other resources may not be brought into the testing room. Testing requires academic honesty and a student's honor is at stake if the testing situation is compromised in any fashion by having persons present or materials or technologies in use which impact the results of the test. Plagiarism, the use of another's uncited material as one's own, is impermissible. Reproducing material from other students by photocopy,

computer media transfer, or by rewrite is cheating. This also specifically applies to the use of other people's essays, research papers, sermons and ceremonies from books, tapes, magazines, etc. without proper attribution. It further applies to downloading material from websites which are designed to aid in cheating on essays, term papers and dissertations.

A student will not be allowed to withdraw from a course if he/she is under investigation for academic dishonesty. In the event that the student is determined guilty of academic dishonesty, then the student will not be allowed to withdraw from the course and will receive the grade determined by the faculty member. Refer to Standard of Conduct in the Student Handbook.

Academic Status

Academic status is determined by a student's cumulative grade point average (CGPA) calculated on the basis of all academic work attempted. For continued enrollment in good academic standing, students must maintain a minimum cumulative grade point average of 2.0. Students who do not achieve this minimum requirement may incur one of the following academic statuses.

Academic Alert

A freshman or sophomore is considered on academic alert when their semester grade point average (SGPA) falls between a 2.0 and 2.25. Academic alert is not reflected on students' permanent records; however, it does serve as a caution to students who are in danger of falling below minimum academic requirements.

Academic Probation

A student is placed on academic probation at the end of any fall, spring or summer enrollment period in which the cumulative grade point average (CGPA) drops below a 2.0. A student on academic probation must abide by the following guidelines:

1. Students will not be permitted to enroll in more than 14 hours. These hours include GES 0031. (SAGU is not obligated to accept credits taken concurrently at other institutions during a student's probationary semester.)
2. Students will be required to enroll in and complete a one (1) hour, Credit/No Credit (CR/NC) course (GES 0031) through the SAGU Learning Center.
3. Students will be required to comply with a probation contract which provides a plan for continued academic improvement.

Academic Suspension and Continued Academic Probation

A student who, during a probationary semester, either fails to raise their CGPA to the minimum 2.0 standard, fails to meet the terms of their probation contract, or has been on academic probation for 50% of their academic career will be placed on Academic Suspension at the end of that semester.

Students receiving their first academic suspension may appeal in writing to the Dean of Academic Services for re-admission on a Continued Academic Probation status. If the appeal is granted, the student will be required to follow the same guidelines listed under Academic Probation. Please note: Continued Academic Probation is considered a suspension status for purposes of tracking academic progress.

Students who make sufficient academic progress during their Continued Academic Probation semester, but whose CGPA remains below the 2.0 standard will be placed on Academic Probation the following semester until their CGPA is above a 2.0.

One and Three Year Suspensions

Students who fail to make sufficient academic progress during a Continued Academic Probation semester or face their second academic suspension at the conclusion of a semester will serve the second suspension as a one year suspension. One year suspensions preclude students from enrolling at SAGU during fall, spring, and summer semesters.

A student academically suspended a third time will not be allowed to re-enroll for three years (fall, spring, and summer).

SAGU Learning Centers

The Southwestern Learning Centers, located in Davis Hall, exists primarily for the purpose of instructional assistance. It has been established by the University in harmony with its commitment to academic excellence. The Learning Centers is open to all students to facilitate their learning experiences. The Associate Director of the Learning Centers and Academic Accommodations assists students needing academic accommodations because of a documented physical or mental disability. Students needing such assistance must make application with the Learning Centers' Associate Director of Academic Accommodations once they are enrolled (phone - 972/825-4841; email - AcademicAccommodations@sagu.edu). Based on the disability, the Learning Centers' Associate Director of Academic Accommodations will select academic accommodations for the faculty and students' use to maximize the learning experiences for students.

Notice of Nondiscriminatory Policy Related to Students With Disabilities:

Southwestern Assemblies of God University is dedicated to providing students with disabilities access to the programs, services, and activities of the University as required by the Americans with Disabilities Act (1990), the ADA Amendments Act of 2008, and by Section 504 of the Rehabilitation Act of 1973.

The Associate Director of the Learning Centers and Academic Accommodations located in the Learning Centers housed in the Davis building, collaborates with SAGU students, staff, and faculty to provide equal access to educational programs and safeguards against discrimination for qualified students with disabilities.

The following policy defines voluntary and mandatory participants, and specifies some related procedures for the Learning Centers.

1. The following students will be required to attend the Learning Centers. (Any student who is required to use Learning Centers services yet does not comply with Learning Centers policy will be reported to the Dean of Academic Services):
 - a) New students with a composite ACT score of 18 and below or a combined SAT score equivalent and below must enroll in a one (1) hour, Credit/No Credit (CR/NC) class through the Learning Centers each of the first two semesters.
2. Students with verifiable learning challenges may apply to voluntarily participate in Learning Centers programs.

Academic Advising/Counseling

"Schedulers" work to help students with their degree planning activities. Students should freely consult with the schedulers who are helping in the design of their academic program. New students are connected with faculty members who serve to mentor, assist and coach. Faculty members are available to work with the students on the issues of life, academics, career and spirituality. Before changing a major or prior to adding or dropping a course, students should seek out meaningful counsel provided by the University. Students are also able to review their degree plans on line and to pre-register for course work in this fashion. Questions about academic interests should be brought to the attention

of faculty members (“mac’s”) or to faculty members who are department leaders or program coordinators. Faculty post hours of availability for student appointments.

Course Repetition

Any course taken in residence at SAGU or at any accredited or approved institution may be repeated in residence at SAGU in order to improve the student’s grade for that course. The student must apply to the Registrar’s Office to retake the course. Only the final grade and grade points are counted in the student’s grade point average. However, the original grade remains part of the permanent record. A course taken at SAGU must be repeated at SAGU.

Class Attendance Policy

Unlike some forms of learning, a residential program of education is designed as an in-class learning experience. In this instructional setting, the ability to pass examinations and complete outside projects is only a partial measure of the knowledge, skills, understanding, and appreciation a student may or may not have. Therefore, it is absolutely essential for each student to establish and maintain regular and punctual class attendance. Students may leave class early only by special permission of their instructor. Those scheduled for chapel ministry generally need no more than 5 minutes for preparation.

This policy is designed to assist students in the following ways: 1) to provide the necessary support for new students and at-risk students, 2) to provide a process of developing personal responsibility as students mature through their programs, 3) to provide latitude for students who represent SAGU on University sponsored activities under the direct guidance of designated sponsors.

Attendance is taken during every class meeting and begins on the first day each class begins for the semester (even if a student registers late for the class). SAGU’s attendance policy takes into account the possibility that students may need to be absent from class on occasion due to serious illness or unavoidable circumstances. Absences which exceed the allowable number of times a class meets, regardless of the nature or reason for the absences, will result in the student being automatically administratively dropped from the course, receiving a grade of “WP, WF, or WC” depending on the type of the class and what grade the student earned. (The student will be assessed the established course withdrawal fee.)

The following is a chart of allowed absences for Undergraduate classes:

Day of Week Class Meets	Developmental Classes Absences Allowed	1000-2000 Level Absences Allowed	3000-4000 Level Absences Allowed
M/W/F	5% unexcused and 25% excused* or 2 unexcused and 10 excused	Cannot Exceed 30% or 12 per semester	Roll must be taken. No minimum attendance numbers are required.
T/TH	5% unexcused and 25% excused* or 1 unexcused and 7 excused	Cannot Exceed 30% or 8 per semester	Roll must be taken. No minimum attendance numbers are required.
Nights/Weekends	5% unexcused and 25% excused* or 1 unexcused and 3 excused	Cannot Exceed 30% or 4 per semester	Roll must be taken. No minimum attendance numbers are required.

*Excuses will be approved via Academic Services by the Assistant Dean for Student Success.

If a class meets twice a week, when a student is late twice it qualifies as an absence. If a class meets three times a week, then three tardies constitute an absence. Students missing fifteen minutes of a class will be counted absent.

A student who is absent from a class is responsible to make the appropriate advanced arrangements with the faculty member for possible make-up work. The faculty member will have the prerogative to determine if a student may make up any examinations or outside assignments due to a student's absence, along with the time frame in which the work must be completed. Students may receive reduced or no credit for work missed in class due to absence, however, no point reduction will be imposed upon a student's final grade for absenteeism.

Online Course Attendance Policy (Course Enrollment Verification)

Because SAGU faces a lawful responsibility and a financial aid liability with regard to student progress in courses following online registration, the following policy concerning online course enrollment verification is in effect: Each student shall complete a Course Enrollment Verification (CEV) through Blackboard by the date designated in the academic calendar or communicated to the student during the online registration process. (The School of Distance Education or the Registrar's Office may be contacted for more information or the official due date.) Students who fail to complete this requirement will be denied access to their course(s) in which the CEV is incomplete. Access will again be granted only after the student completes the CEV requirement through consultation with the School of Distance Education. Should the CEV remain incomplete by the 8th week of the semester (6th week for summer) the School of Distance Education will initiate an automatic administrative withdrawal for the course.

Tardy Policy

Students missing fifteen minutes of a class will be counted as absent for that session. Every three tardies acquired in classes that meet three times a week and every two tardies acquired in classes that meet twice a week will be considered as an absence. The student is responsible, at the end of class, to identify his/her tardiness to the professor.

Course Withdrawal (Drop)

A student will be allowed to withdraw from a course (except in the case of alleged academic dishonesty) only within the first two-thirds of the semester (i.e., tenth week of the fall and spring semesters). A grade of "W" will be recorded on the student's transcript for the class dropped. Consult the academic calendar for the last day to withdraw from classes.

Students failing to follow the correct procedure or meet the deadline in withdrawing from a class will receive a grade as determined by the instructor. Students desiring to withdraw from a course must file a change of schedule in the Registrar's Office. This change must be approved by the faculty advisor and instructor. A fee is charged; consult the current Schedule of Fees.

Automatic Administrative Withdrawal (Distance Education)

Because SAGU faces a lawful responsibility and a financial aid liability with regard to "unofficial withdrawals," the following policy concerning automatic administrative withdrawal is in effect: Each student in an online course must complete two progress reports – designated "Progress Report #1" and "Progress Report #2" - during the semester of study. Both reports will be submitted through Blackboard by the date designated in the academic calendar. Progress Report #1 will be due from the student during the 4th week of the semester (3rd week for summer), and Progress Report #2 will be due during the 8th week of the semester (6th week for summer).

If no progress report has been received by the 4th week (3rd week for summer), the instructor will report to the School of Distance Education. If no progress report has been received by the 8th week (6th week for summer), the instructor will report to the School of Distance Education and the Registrar for the purpose of automatic administrative withdrawal from the course. In the event of administrative withdrawal from an undergraduate course, a grade of Withdrawn Passing (WP) or Withdrawn Failing (WF) will be assigned and a fee will be assessed. In the event of administrative withdrawal from a graduate course, a grade of Withdrawn (W) will be assigned and a fee will be assessed.

School Withdrawal

Students needing to withdraw from school must file an official withdrawal notice in the Registrar's Office before the last day of classes. Students failing to follow the proper procedure in withdrawing are not eligible for any refund and will receive grades in all courses as determined by the instructors. Transcripts cannot be released until proper clearance is arranged.

Academic Forgiveness

A student who returns to SAGU after an extended absence and who demonstrates ability to do well academically, as described below, may use Academic Forgiveness to remove the effect of earlier unsatisfactory grades.

1. To be eligible, a student must:
 - a. Matriculate to SAGU after an absence of at least 7 consecutive years;
 - b. Have attempted at least 12 letter-graded hours since readmission;
 - c. Have earned at least a 2.00 GPA in all courses attempted since readmission;
 - d. Submit application for Academic Forgiveness, along with a \$250 non-refundable application fee, to the Registrar's Office during the student's first semester of being readmitted before the last day of late registration;
2. After the student applies for Academic Forgiveness and after eligibility is verified, the following adjustments will be made to the student's academic record:
 - a. GPA calculation will start fresh as of the new matriculation date;
 - b. Previous coursework will be graded on a credit (CR) or no-credit (NC) basis;
 - c. Courses with a letter grade of "C-" or higher will receive a credit (CR) grade;
 - d. All other graded coursework will receive a no-credit (NC) grade;
 - e. Forgiven courses will no longer factor into the student's cumulative grade-point average;
 - f. A symbol prefix will be placed next to each course on the student's transcript for which academic forgiveness has been granted.

GRADUATION POLICIES

Graduation Under a Particular Catalog

A student may graduate under the requirements of the catalog in force during the semester in which first enrolled, provided graduation is within 6 years from the end of that semester; the summer term may count as a part of the semester before or after it. However, a student may choose to graduate under the requirements of the current catalog, but only if the requirements of the catalog chosen are

followed as a whole. To change catalogs, the student will need to complete the necessary paperwork from the Registrar's Office. The scheduler and the Registrar's Office will help the student in every way possible to avoid errors, but the student has the final responsibility for satisfying all degree requirements according to the catalog chosen.

Graduation Regulations

The following govern the graduation process:

1. Application for graduation must be made by the end of late registration in the semester in which the student anticipates to graduate. In order to qualify for a specific graduation date, graduates must have all program and course requirements completed by date indicated on their graduation application. This includes the receipt of all outstanding official transcripts with applicable transfer credit and any Credit by Exam credits. Degrees are conferred in the semester that all official documentation of completed requirements are received by the Registrar's Office.
2. All course work must be completed and a passing grade received before the student is allowed to participate in the graduation ceremony.
3. A student must have attained an overall grade point average of 2.0 "C" to qualify for any degree or diploma awarded by SAGU.
4. Only 6 hours of the last 30 hours toward a degree or diploma at SAGU may be taken by transfer of credit (this includes all nontraditional credit and correspondence courses). Students may not transfer courses from another institution during their final semester.
5. A student awarded any degree or diploma from SAGU must have completed at least 25 percent of the credit hours required for the degree at SAGU.
6. A student is required to have completed a minimum of 30 hours of upper-level credit to be awarded a Bachelor's degree.
7. Students desiring undergraduate credit based upon examination must take the examination at least one semester prior to the semester of their graduation and must complete the process to have the credit applied to their transcript before their degree is conferred.
8. Before a final transcript will be released, the student must take the Core Exam, clear with the Accounting Office and Library, and complete exit interviews with the Financial Aid Office and the Career Services Office.
9. Students must have a 2.0 grade point average in their general studies composition courses (ENG 1113 Composition and Rhetoric I and ENG 1123 Composition and Rhetoric II). Failure to meet this requirement will result in a student not being allowed to graduate.

Requests to withdraw an application for graduation for a specific graduation date must be received by the end of late registration in the semester that graduation is intended. Refunds of graduation fees will only be granted to requests observing this time frame. Changing one's graduation date to a later semester will require reapplication and fee.

Graduation Rates

The graduation rate calculates from the first-time, full-time students who enter SAGU and complete within a six-year period. From the first-time, full-time students who entered in 1999-2000, 37%; 2000-2001, 36%; 2001-2002, 35%; 2003, 36%; 2004, 39%; 2005, 36%; 2006, 39%; 2007, 32%; 2008, 41%, and in 2009, 41% graduated.

Some students enter SAGU for reasons other than obtaining a degree. Students come to experience the Pentecostal atmosphere and enjoy the spiritual dynamics. Others come and take courses for transfer purposes. This group of students accomplish their goals, however they affect the graduation rate of SAGU students.

Associate Degrees

The *Associate of Arts* degree is typically awarded for programs with an emphasis in the social sciences or humanities.

The *Associate of Science* degree is typically awarded for programs with an emphasis in mathematics or natural or applied sciences.

Bachelor's Degrees

The *Bachelor of Arts* degree is typically awarded for programs with an emphasis in the social sciences or humanities.

The *Bachelor of Science* degree is typically awarded for programs with an emphasis in mathematics or natural or applied sciences.

SCHOOL OF DISTANCE EDUCATION

SAGU's School of Distance Education (SDE) program is designed to extend the resources of the University outside of its walls. Located throughout the world are a number of adults who desire to continue their education without relocating to a university campus. SAGU has developed a program where one may obtain an accredited education without relocating family or career. Through the School of Distance Education, a traditional Bible-based educational experience may be obtained through a quality academic format.

The School of Distance Education offers most University academic programs leading toward the Master of Arts, Master of Divinity, Master of Science, Master of Education, Bachelor of Arts, Bachelor of Science, and Associate of Arts degrees. Contact the School of Distance Education for a current list of program offerings.

Each degree program is uniquely designed for the adult student to earn a degree without moving to the campus. There is also an opportunity to earn up to 45 credits toward a baccalaureate degree (not available for students pursuing an A.A. degree, Education Majors, graduate or doctoral students) from experiential learning. This may be limited by a student's previous college work or amount of experience. Up to 96 hours of transfer credit can be accepted (limit of 31 hours of non-traditional credit).

Who fits this Program?

Each semester, students from around the world who are at least 22 years of age enroll for course work in the School of Distance Education. Because of the flexibility of the program, a diverse group of students utilize the services of the School of Distance Education. Among those who benefit from this program are:

1. Individuals who were prohibited from finishing college due to circumstances or finances
2. Individuals who have experienced job loss and need training for a new career
3. Professionals who would like to receive credit for skills and knowledge already received through experience
4. Ministers who desire to earn a degree while maintaining their present ministry
5. Business professionals needing more skills to fulfill their job demands
6. Professionals who need a degree to advance in their present vocation
7. Retirees or Senior Adults who desire preparation for a new career or personal enrichment
8. Teachers who need to complete their college degrees

9. Christian school teachers who desire ACSI certification
10. Graduate students needing Bible or theology prerequisite courses

A Different Way to Learn – How It Works

Students have the opportunity to complete online academic advising and counseling with an academic advisor each semester regarding their degree progress. During the semester, students work under the professors' auspices via online interaction, the use of the toll-free number and email. Students have access to all college services, including the Library, Career Services, and Counseling. Student pictures appear in the Yearbook. Students also receive an ID card upon enrollment, which is useful for admittance to libraries around the country.

Many adults want some interaction time with other students and their professors, and yet not be required to move to a university campus. SAGU has joined the best of two worlds. Each new student begins the program with the Strategies for Student Success course (GES 1122). With the combination of an online orientation during the first semester, online interaction, and private study, individuals are able to obtain a quality degree which provides flexibility to “wrap around” personal schedules and commitments.

Ongoing Enrollment: Each subsequent semester, students complete course selection and registration online. Following registration, students are given access to the online courses for which they have registered. Students should purchase textbooks and study materials online from the University Bookstore as soon as possible after course schedules are approved. Students may contact the University Library to access other online resources and even check out books. Once the semester commences students will complete all assignments and/or exams under the supervision of their professors.

Work From Home: Each course syllabus is structured to provide step-by-step assistance through course assignments. Online courses contain important content. Exams are taken online. Many assignments and projects are designed to take advantage of one's particular work situation, thus increasing the quality of a person's learning experiences. All assignments are graded promptly by the professors, and the students are notified of the results. The professor is as close as a computer, telephone, or email message.

Any time students have questions regarding course material, professors may be contacted by email or by telephone. All professors are fully recognized and academically qualified members of SAGU's faculty. In addition, all academic programs and all courses taught through Distance Education employ the same learning outcomes as their on-campus counterparts. This insures that the skills and knowledge expected of Distance Education students are equivalent to those expected of fellow on-campus students.

Courses

Each semester a course schedule is published identifying the particular courses being offered the next semester. These schedules are uploaded to the Student Portal for review and selection.

Although a full-time load is considered 12 hours each semester, many students have found it advantageous to adjust their hours depending upon their projected personal schedule for that semester.

Time management and load determination are important issues discussed during the Strategies for Student Success course.

Enrollment Procedure

All adult students (22 years and older) admitted into SAGU are eligible to apply for enrollment in the SDE program. All required steps for enrollment can be completed online. Please refer to the section entitled “Admissions” for complete details.

Strategies for Student Success Course

Upon admittance into the SDE program, the student is ready to enroll in Strategies for Student Success (GES 1122). Students must successfully complete the two hour for credit course GES 1122 to be eligible to continue in the Distance Education program. Students who convert from the on-campus program and have already taken the on campus version of Strategies for Student Success are required to re-take the course in its Distance Education version. The purposes of this course are:

1. To design a personal study program which equips the student with proper time management skills
2. To introduce the University services to which all students have access
3. To explain how to do a career analysis for the purpose of obtaining University credit for experience
4. To provide information on how to obtain University credit by testing
5. To give an opportunity to select the second semester's course work and meet with an academic advisor.
6. To answer all questions
7. To discuss current issues in adult education.

Student Life

SAGU is a denominationally sponsored university. All students, whether on-campus or in distance education, are expected to embrace standards of conduct that are represented by a deep consecration and devotion to Christ, clean conduct and conversation, modest apparel in dress and high biblical standards of moral conduct.

Credit for Experiential Learning

(This does not apply to Education majors, graduate and doctoral students, or students pursuing an AA degree.)

Students that have been out of high school at least five years can apply for credit on the basis of experiential learning and receive up to a maximum of 45 credit hours toward their degree requirements. Non-traditional credit includes credit for Advanced Placement scores, ACT scores, CLEP scores, up to 12 hours of correspondence and Experiential Learning Credit. Generally, credit is given for Experiential Learning in specific course areas such as Biblical Preaching, Church Ministries, Counseling, Music, Criminal Justice, Business, etc. Students must apply these credits toward the requirements of their particular degree plan. These credits do not count toward residency requirements. However, students seeking experiential learning credit will register for the course APS 3313 Portfolio Development, which counts as residency credit. This course must be taken during the first semester of enrollment.

Students receive an Experiential Learning Credit Manual when they enroll in the course APS 3313 Portfolio Development. The Manual describes the level of experiential learning and competency that is required in each course area.

At the close of the semester, students present their portfolios for evaluation to the Portfolio Assessment Committee. This committee is comprised of SAGU faculty members representing the various disciplines at the University. After the committee evaluates the student's portfolio, the student is required to meet with the committee in person or via phone conference. The committee will approve or deny credit for the portfolio. This committee will also determine the number of hours awarded as credit.

National Council for State Authorization Reciprocity Agreement (NC-SARA)

SAGU is an institutional participant in the SARA initiative which is a voluntary, regional approach to state oversight of distance education. As a participating institution students living in other states are able to enjoy expanding access to educational offerings at SAGU and the University is committed to continually enhance the overall quality of our distance education program.

ACADEMIC **PROGRAMS**

INTRODUCTION

From Dr. Paul Brooks, Vice President for Academics:

Dr. Paul Brooks
Vice President for
Academics

SAGU manages its undergraduate academic program out of three colleges which are served by qualified faculty who have academic training and life experience appropriate to their disciplines.

Underlying our majors is a curriculum of GENERAL EDUCATION.

SAGU provides degree programs, which lead to competency in various academic disciplines. At the same time, students enjoy a substantial course of studies in general education curriculum. This core curriculum promotes the growth of knowledge and character as presented through a variety of broad-based and yet foundational disciplines.

These fundamental curricula include studies in Communication Arts, Psychology, Humanities, Mathematics, Science, Social Studies, Physical Education, and Biblical Studies. The specifics of these required studies are presented within each of the degree programs. At SAGU, all students in baccalaureate and associates programs have significant study requirements in Bible, theology and ministry. For

those interested, this achievement can directly prepare them to apply for ministerial credentials with the Assemblies of God. The General Education curriculum assists students in the achievement of their academic, career, and spiritual goals by improving their skills in reading comprehension, oral and written communication, research and analytical thinking, as well as science and math.

The General Education curriculum develops seven competencies that highlight proficient communication, critical thinking, and application in life. SAGU evaluates student achievement of the competencies through course-integrated assessments, which allows the institution to gauge students' achievements in accordance with the mission of the University.

Competency 1: Students will write effectively.

Competency 2: Students will communicate ideas effectively through oral presentation.

Competency 3: Students will evaluate, synthesize and employ needed information for research.

Competency 4: Students will critique worldviews and issues, past and present, represented in literature and the sciences.

Competency 5: Students will articulate foundational knowledge of Scripture and of Christian theology.

The College of Bible and Church Ministries exists to promote a comprehensive program of training for life and ministry, offering a variety of programs leading toward Bachelor of Arts, Bachelor of Science, Associate of Arts, and Associate of Science degrees. Their companies of academically qualified instructors are rich with experience, providing mature perspective to all who study at SAGU.

The College believes in the generation that God is raising up to follow His will into fruitful servant leadership. Christ is still building His Church (Matthew 16.18). Thus SAGU is poised to contribute to the process of equipping strong, wise, and able men and women of God, who will walk with integrity

of heart, produce an abundance of fruit that remains, and bear witness to the glorious gospel of Christ.

In the pursuit of its mission, the College emphasizes a sweeping program of hermeneutics (the science of Scripture interpretation), knowing that the entrance of God's Word gives light, and that only by the Word of the Lord are lives rescued, rebuilt and released into productive service. Students matriculating through these programs come out as unashamed workmen "handling accurately the Word of truth" (2 Timothy 2.15).

As you review the programs offered, it should become clear that no matter what practical ministry is engaged, whether pastoral, youth, children, music, counseling or otherwise, fidelity to the eternal Word lies at the core of its design. It is my high confidence that when you complete your academic journey, you will possess the tools you need to serve the calling of God upon your life in an exceptional way.

The College of Business and Education and the College of Music and Communication Arts both exist to promote a comprehensive program of training for life and ministry, offering a variety of programs leading toward the Bachelor of Arts, Bachelor of Science, Associate of Arts, and Associate of Science degrees. SAGU holds that all men and women are called to the service of the Lord Jesus Christ (1 Peter 4.10; Romans 12.1-8). Some stand in the pulpit; many more stand in the marketplace. Whether educators, musicians, or entrepreneurs, God has a plan to use each one for His glory. The Colleges are here to foster that faith in all their students by way of carefully designed Bible-based curriculum in addition to the regular attendance of chapel. Every student who leaves this University has a lot to offer to the ministries of the local church and the mission of the gospel in this world.

Some rightly ask, "Why go to a Bible university to study business, literature, education, or history? Wouldn't it be better stewardship to get the most affordable education at a local college?" The answer, though simple, is profound. It is not good stewardship to sacrifice the future and God's truth to the classrooms of the intelligent who are divorced from the knowledge of God and His purposes. This conviction contributes to the unique role of SAGU in the world of higher education. The education delivered at SAGU is on a university level, and recognized by its peers as a quality program. Yet more than that, every day at SAGU the power of a biblical world-view saturates the courses, whether in history, literature, business ethics, music, or teacher education. All students are challenged to excellence in their discipline of study, and in their devotion to Christ and His Kingdom.

SAGU instructors are fully qualified in their respective disciplines. They also know the Lord, and many instructors hold ministerial credentials. All are active in local church ministries, and some go beyond that regularly, while others participate in periodic mission trips. These hearts are deep wells of love for the students who come through their courses. It's no wonder that many students follow their examples and build a career as a platform to serve the ministry God has given them.

I invite you to take a few moments to read the following introductions from our Deans.

From the Dean of the College of Bible and Church Ministries

Dr. Michael Clarensau
Dean of the College of
Bible and Church Ministries

Our conviction is that God has redeemed for Himself a generation of developing leaders to lead His church in years to come. These are ordinary people that God has called, gifted and empowered. You may be one of them! You have experienced God's grace, heard His voice, and felt His power. You've said "Yes" to the Lord but now you need help to prepare yourself to serve effectively.

The faculty of the College of Bible and Church Ministries exists to prepare church leaders who have keen minds, sharpened skills and hot hearts! Whether our students respond to the exploding demand that exists for children's pastors, the exciting opportunities in youth ministry, the challenging task of church planting and revitalization, guiding the disciple-making ministries of the church, worship, missions, or the critical task of pastoral ministry, we are determined that they will be prepared professionally and spiritually. The church and our world are crying for skilled people in the behavioral sciences with Christian values and convictions. We will help supply them.

The College of Bible and Church Ministries faculty has dedicated itself to the mission of preparing leaders who can mobilize the local church to represent Jesus Christ in our world without distortion in the power of the Holy Spirit. Ministry in and through the local church is our passion! We believe the local church exists to be the hands, feet, voice and healing presence of Jesus in our world. SAGU wants missionary passion to throb in the heart of every one of its graduates! We are convinced that divinely called, gifted, skilled and prepared leaders who serve in the power and passion of the Holy Spirit is the key to impacting our world with the gospel.

From the Dean of the College of Business and Education

The basic premise of the College of Business and Education is that all truth, revealed and discovered, is God's truth. Therefore, all subject matter, regardless of the major/specialization being pursued, must be thoroughly integrated with the Bible. This is not to say that the Bible should be correlated with the subject being taught; rather, it should be the foundation text of every course taught and the formal textbook(s) for the course should be viewed in the light of the Word of God.

Every faculty member is seen as a minister of the Gospel and teaches his/her discipline from a biblical perspective. All courses, in every Department, including General Education courses, are taught from a Christian perspective, including the:

1. Business Department, offering a B.S. in Business with specializations in Accounting, Business Administration, Business Sport Management, Human Resource Management, Management, and Marketing;
2. History and Social Studies Department, with majors in History and Ancient Studies;
3. Teacher Education Department, offering majors in Elementary Education, English Language Arts and Reading Middle/Secondary, History/Social Studies Middle/Secondary, Music Education All Levels, Mathematics Education Middle/Secondary, Physical Education (EC-12), Theatre Education (EC-12), and Education (Pre-Professional Track).
4. General Studies Department, offering majors in Interdisciplinary Studies and Mathematics.

The goal of the College is to graduate professionals who are: Authentic in Godliness; with Academic Excellence; based upon the Authority of the Word of God. Therefore, all students are prepared for ministry in the "marketplace," as well as to be productive, effective workers in the local church.

Mission Statement

The purpose of the College of Business and Education is to provide a variety of programs leading toward Bachelor of Arts, Bachelor of Science, Associate of Arts, and Associate of Science degrees in professions that are outside of the local church, and to provide quality educational and professional Christian service in a variety of cultural contexts. Business minors are available that complement majors from the other colleges.

The following objectives exist to guide our service for all "marketplace" graduates:

1. To prepare students for Spirit-filled, Bible-based ministry in the "marketplace."
2. To prepare students for excellence in professional areas outside of the local church.
3. To provide resources and opportunities for students to be fully prepared for lives of service.

Del Guynes
Dean of the College of
Music and Communication Arts

From the Dean of the College of Music and Communication Arts:

Sound and light...from the very beginning, there was sound and light. "Then God said, "Let there be light"; and there was light." (*Genesis 1:3, NASB*) If you look closely at this short sentence occurring early in the Genesis creation account, you'll observe that it was actually the very first demonstration of audio-visual properties.

These initial properties - media, if you please - have been the fundamental means by which all generations have communicated. God invoked sound, light and language in the act of creation itself, and has since given these media to humanity to use for good or ill. Equipping our SAGU students in the use of them for good, even divine, purposes is the mission of our College of Music and Communication Arts (CMCA).

The CMCA has been created to collect under one academic roof those disciplines that have synergistic similarities:

- A focus on the use of sound, language and light in operation;
- Similar performance requirements for preparation and public display; and
- Curricular interdependencies.

Accordingly, the College encompasses Music, Communication Arts and English academic programs, all three of which form natural complements in curriculum and use of facilities.

Enabling this complement of faculty, technology and facilities is the Hagee Communication Center which serves as the home of the CMCA, housing state-of-the-art media technology and equipment, specially-designed rehearsal and performance facilities, and faculty offices for the three programs:

- A 600-seat performing arts auditorium for music performance, theatre and special events, with a 2,000 square foot stage and 50 foot fly-loft for theatrical rigging and special effects
- Digital media labs with audio and video editing suites
- A black-box theater for one-act plays, spoken word, poetry reading and open-microphone events
- Sound-isolation *Wenger SoundLok*® practice rooms equipped with *VAE*® digital acoustic manipulation recording and playback technology
- Television broadcast studio, audio recording studio and film screening room, featuring *SONY* cameras, rigging and *OLED*® displays; Newtek Tri-caster™ video production technology; and audio mixing and recording components from *Euphonix*, *Solid State Logic* and *Digico*
- Dedicated, acoustically-enhanced rehearsal halls for both instrumental and vocal programs
- Piano and music theory labs (SAGU is an *All-Steinway* school)

Notwithstanding the amazing capabilities the HCC provides for our academic programs within the CMCA, the mission of the college essentially translates into two practical goals:

- The raising up of graduates who can perform and publish all forms of media in support of the mission of the local church and its pursuit of the Great Commission, and
- The development of graduates - media world changers - who can bring redemption to our world's media-rich culture, and turn its influence toward divine purposes.

1. Piano Placement Assessment (PPA) is given to determine piano readiness. Students desiring to register for private piano lessons will enroll in MUS 0031 Beginning Class piano and take the PPA the first day of class each semester. Those who pass the PPA will be permitted to enroll in MAP 1111 Applied Piano.
2. Voice Placement Assessment (VPA) is given to determine vocal readiness. Students desiring to register for private voice lessons will enroll in MUS 0051 Class Voice and take the VPA the first day of class each semester. Those who pass the VPA will be permitted to enroll in MAP 1211 Applied Voice.
3. Theory Placement Assessment (TPA) is given to all incoming music students to determine theory readiness. Students will register for MUS 0012 Basic Musicianship I and take the TPA the first day of class in the fall semester. Those who pass the TPA will be permitted to enroll in MUS 1114 Music Theory I.
4. Students are required to participate in a Music Department ensemble each semester of full-time enrollment (exception for Music Education students the semester of student teaching).
5. All music majors are required to pass the Piano Proficiency Exam (PPE). The PPE is to be attempted at the end of the sophomore year.
6. All Worship Arts majors are required to pass the Proficiency Exam of their primary applied area before enrolling in the upper level of applied study. Students must register for the Proficiency Exam the semester in which it is attempted.
7. Advanced Standing Options: Incoming students may qualify for advanced placement. The Music Department administers the exams to determine advanced placement. Students who desire advanced placement must make arrangements with the Chair of the Music Department and take the exams prior to registration. A student may receive a maximum of 12 hours advanced placement credit in music.
8. All music majors are required to complete 6 semesters of MAP 1000 Recital Attendance.

Applied Music

Private instruction is offered each semester in the various phases of applied music. Each credit involves a 30-minute private lesson and a minimum of 5 hours practice each week. Music majors without basic skills may be required to take additional instruction beyond what is suggested in the degree plan to meet proficiency requirements.

Each student will register in his/her major primary applied field and will continue to register for lower-level study until proficiency is attained. Unsatisfactory performance on the proficiency examination for upper-level standing will necessitate continued lower-level study until the student passes the qualifying examination.

Upon the recommendation of the teacher, a student may take the examination for advanced standing earlier than the completion of the prerequisite number of semester hours. However, all students must complete the required total number of semester hours in music as specified on the degree plan.

Grades in applied music represent an estimate of the student's progress. However, a level of proficiency must be met for admittance to upper-level study.

Additional Requirements

1. Each applied music student shall participate in at least one studio or one general recital each semester.
2. All applied music students are required to complete a jury exam at the end of each semester of study.
3. All applied music students are required to enroll in MAP 1000 Recital Attendance and satisfactorily complete six semesters for graduation. Satisfactory completion of MAP 1000 includes attending 70% of the on-campus recitals/concerts per semester.
4. All Worship Arts Majors are required to give a Senior Recital (MAP 4010).

The Music Department Handbook explains fully the policies and procedures to be followed in achieving these goals. The music student is expected to be knowledgeable of this handbook and is held accountable for the guidelines presented therein. The handbook is available through the Music Office or www.sagu.edu/go/academic-programs/music-resources.

ENGLISH

The heart of this English department is the study of language used effectively to communicate. The study may be of technical writing, well-known literary works, or original student writing, any of which contain, at the core, transforming themes and ideas that reflect a writer's worldview.

Goals of SAGU English B.A. common to other universities' English programs:

1. To ignite in students a love for literature, writing, and thoughtful expression
2. To be a catalyst for students' critical thinking about themes and worldviews embedded in literary conversations from the past to the present that related to major life issues
3. To empower students to develop their own voices as they sharpen their thinking and writing skills to share in the ongoing literary conversations

Distinctives of SAGU English B.A.

The SAGU English program provides a scriptural and spiritual dynamic by equipping its majors with the skills to critically and thoughtfully engage contemporary culture with a sound apologetic. Students are encouraged to allow the Holy Spirit to guide them in their works, in order to be salt and light in today's society.

Also, the SAGU TESOL track gives the opportunity for our students to interact with people of other cultures through teaching conversational English and, thereby, to engage in ministry.

Expected Outcomes for English Majors

Upon completion of this program, students will be able to:

1. Evaluate themes from literature by comparing fiction to actual life.
2. Write effectively, varying style and genre to accommodate purpose.
3. Write clearly, demonstrating command of Standard English.
4. Decode elements of languages different from their own by applying principles of universal language structure.
5. Edit and revise works intended for presentation or publication, for personal or professional use.

MUSIC

The Music Department program is designed to prepare students for music ministry within the church, to prepare students to teach private music lessons, and to prepare students to teach in Christian, private, or public classrooms around the world.

Objectives

Upon completion of this program the student should be able to:

1. Demonstrate the ability to administrate the complete church music program.
2. Demonstrate knowledge of pedagogical procedures for teaching private music lessons.
3. Demonstrate the ability to provide Christian service in ministerial, professional and vocational music careers.

Additional Music Degree Requirements

1. Piano Placement Assessment is given to determine piano readiness. Students desiring to register for private piano lessons will enroll in MUS 0031 Beginning Class Piano and take the PPA the first day of class each semester. Those who pass the PPA will be permitted to enroll in MAP 1111 Applied Piano.
2. Voice Placement Assessment is given to determine vocal readiness. Students desiring to register for private voice lessons will enroll in MUS 0051 Class Voice and take the VPA the first day of class each semester. Those who pass the VPA will be permitted to enroll in MAP 1211 Applied Voice.
3. Theory Placement Assessment is given to all incoming music students to determine theory readiness. Students will register for MUS 0012 Basic Musicianship I and take the TPA the first day of class in the fall semester. Those who pass the TPA will be permitted to enroll in MUS 1114 Music Theory I.
4. Students are required to participate in a Music Department ensemble each semester of full-time enrollment (exception for Music Education students the semester of student teaching).
5. All music majors are required to pass the Piano Proficiency Exam. The PPE is to be attempted at the end of the sophomore year.
6. All music majors are required to pass the Proficiency Exam of their major applied area before enrolling in the upper level of applied study. Students must register for the Proficiency Exam the semester in which it is attempted.
7. Advanced Standing Options: Incoming students may qualify for advanced placement. The Music Department administers the exams to determine advanced placement. Students who desire advanced placement must make arrangements with the Chair of the Music Department and take the exams prior to registration. A student may receive a maximum of 12 hours advanced placement credit in music.

Applied Music

Private instruction is offered each semester in the various phases of applied music. Each credit involves a 30-minute private lesson and a minimum of 5 hours practice each week. Music majors without basic skills may be required to take additional instruction beyond what is suggested in the degree plan to meet proficiency requirements.

Each student will register in his/her major primary applied field and will continue to register for lower-level study until proficiency is attained. Unsatisfactory performance on the proficiency examination for upper-level standing will necessitate continued lower-level study until the student passes the qualifying examination.

Upon the recommendation of the teacher, a student may take the examination for advanced standing earlier than the completion of the prerequisite number of semester hours. However, all students must complete the required total number of semester hours in music as specified on the degree plan.

Grades in applied music represent an estimate of the student's progress. However, a level of proficiency must be met for admittance to upper-level study.

Additional Requirements

1. Each applied music student shall participate in at least one studio or one general recital each semester.
2. All applied music students are required to complete a jury exam at the end of each semester of study.
3. All performance and Music Ministry majors are required to give a Junior Recital (MAP 3200).
4. All Music majors are required to give a Senior Recital (MAP 4000).
5. All applied music students are required to enroll in MAP 1000 Recital Attendance and satisfactorily complete six semesters for graduation. Satisfactory completion of MAP 1000 includes attending 70% of the on-campus recitals/concerts per semester.

The Music Department Handbook explains fully the policies and procedures to be followed in achieving these goals. The music student is expected to be knowledgeable of this handbook and is held accountable for the guidelines presented therein. The handbook is available through the Music Office, or www.sagu.edu/go/academic-programs/music-resources.

FOR THE ADVENTUROUS

Many students want to enhance their studies by incorporating opportunities to study abroad or in unusual contexts. In general, the University refers to such programming as “Education in Context.” SAGU has a variety of such opportunities available to serious students. In most cases, SAGU utilizes its distance education delivery process for the completion of academic work. However each plan is unique and information is available in various offices.

HOLY LAND STUDY TOUR

Annually the Assemblies of God provides a most amazing opportunity for students in A/G colleges to enjoy a study tour in the Holy Land during the summer months. This educational tour has credit options for students. Those students selected receive generous scholarships from the Assemblies of God to assist in making this possible. Contact the College of Bible and Church Ministries for details. Applications must be processed in the fall preceding the summer tour.

EDUCATION

The Experience in Context plan provides opportunities for education majors to study abroad or in a multicultural context in the United States of America for a semester. Coursework is completed via a distance education format, while students gain valuable interactive experiences with diverse children in international settings. A Junior level undergraduate student may earn up to 12 hours, and a graduate student up to 9 hours during a single semester abroad or in context. Contact SAGU’s Department of Teacher Education for details. Applications must be completed no earlier than the end of the sophomore year, and no later than 4 months prior to the term of study.

MISSIONS

The SAGU Missions Department offers a plan of “semester in context.” Students can apply for an opportunity to complete college studies while living abroad or in specific intercultural locations in the U.S. for one complete semester. Such opportunities are made possible at locations pre-approved via the Missions Department. These sites are scrutinized for safety, stability, and an environment of educational priority. See the Missions Office for details.

ENGAGE

Engage in Missions is an option for mature first-time only SAGU students who feel a call to missions and desire a hands-on, foreign mission field experience as part of their college education. Students will be mentored by an experienced Assemblies of God missionary and develop skills, both spiritual and practical, that will help them the rest of their lives.

Engage students can earn up to 60 college hours while serving alongside experienced missionaries on the field. Students take online classes through SAGU’s School of Distance Education. Classes begin each September and January (Fall and Spring semesters). Sometimes Engage students learn a second language during their experience. They also assist in training youth, children and church workers on the mission field as well as help lead teams of other students on short-term mission trips.

Engage students live in dormitory-style housing. Each housing setting will have a “Resident Director” available to the students for supervision and support. Rooms have internet connections for easy communication with home and for completion of course work. Standard SAGU admissions requirements apply. Students must also be accepted into the program by Engage endorsed missionaries. For more information regarding application and acceptance to Engage, visit www.sagu.edu/engage.

MINISTERIAL CREDENTIALS FOR ALL SAGU STUDENTS

The 24-hour Core of General Biblical Studies at Southwestern Assemblies of God University has been structured to provide a broad exposure to basic Bible knowledge, theological awareness in the Pentecostal-evangelical tradition, and an awareness of the opportunities and challenges of ministry within the Church and the marketplace for all students at SAGU, regardless of their major.

Consequently, all students at SAGU who complete this 24-hour core have the opportunity to apply for entry level ministry credentials with the Assemblies of God if they so desire and are otherwise eligible. While the University doesn't grant ministerial credentials, offering preparatory curriculum is in keeping with the mission and purpose of the University "to prepare undergraduate...students spiritually, academically, professionally, and cross culturally to successfully fill evangelistic, missionary and church ministry roles...wherever needed throughout the world" and the expressed desire of the supporting districts of Southwestern Assemblies of God University.
