

Education

The Graduate Education Program is designed to prepare students as educators who will be spiritually, academically, professionally, and cross culturally equipped to provide quality educational Christian service around the world.

Objectives

Upon completion of this program the student will be expected to:

1. Demonstrate knowledge of advanced strategies in content related to curriculum and administration.
2. Design and implement instruction, assessment, and administrative practices in the educational setting.
3. Demonstrate the ability to create and evaluate positive, productive classroom environments utilizing formal and informal settings and appropriate classroom management strategies.
4. Demonstrate knowledge of professional roles and responsibilities in public and private education.
5. Develop an advanced understanding for teaching students of diverse cultures.

Prerequisites

The following prerequisites or their equivalents must be met for acceptance into the graduate Education programs:

1. Students must achieve a minimum score of 400 on the verbal and 3.0 on the analytical writing section on the General Test of the Graduate Record Examination (GRE). This requirement is expected to be met before enrollment into any graduate level course. However, under special circumstances with approval from the Dean of the Graduate School, a student may enroll for one semester taking no more than 12 graduate hours prior to fulfilling the requirement of the GRE. No student will be allowed to enroll for a second semester without fulfilling the GRE requirement. All transfer students are required to meet the GRE requirement before enrollment. (Students who are graduates of Southwestern with a 2.5 G.P.A. will be conditionally admitted to the Harrison School of Graduate Studies without taking the Graduate Record Examination (GRE). After completing twelve hours of graduate work with G.P.A. of 3.0 or higher, the student would then be accepted into the graduate school.)

STATE EDUCATOR CERTIFICATION

Students on degrees with a certification track are eligible to apply for state certification and must be formally accepted into the Teacher Education Program, which is separate from admittance into the Graduate Education Program. Certification eligibility is reserved for students who meet admissions requirements, make application to, and are approved into the Teacher Education Program. Students must also successfully complete their academic program, all state exams, as well as fulfill the required 75 hours of field experience and student teaching. (See Student Teaching Requirements.)

Only students completing all program stipulations will be recommended for state certification.

Please see the Education Certification Officer for a complete list of Teacher Education Program requirements.

The candidate is responsible for initiating the application to the Teacher Education Program.

Applications are available in the Teacher Education office or on the Education website at www.sagu.edu. All applications must be accompanied by:

1. A recent photo.
2. A statement of purpose – a one-page, double-spaced essay describing reasons for desiring a profession in the teaching field.
3. Two recommendation forms completed by individuals who can verify moral character and child/youth related experience or other work experience. The Education Committee will not accept recommendations from relatives, SAGU faculty members, or fellow students. Recommendation forms are available on the SAGU Education Department website or in the Teacher Education Office.
4. Recommendation from the University's Counselor, based on results of the Taylor-Johnson Temperament Analysis (TJTA). The purpose for taking the TJTA is to identify strengths possessed by the potential teacher. If the TJTA indicates areas that may need strengthening, the student may be required to complete further counseling prior to admission to the Education program. The Counseling Office administers the TJTA, and the results are sent to the Certification Officer upon completion.

Along with the application, eligibility for the program requires the candidate to:

1. Take the THEA (formerly the TASP) and meet a minimum score of 260 in Reading, 220 in Math, and 220 in Writing. Registration bulletins for taking the THEA are available in the Teacher Education office. Internet registration is also available at www.thea.nesinc.com. Passing standards are subject to change as the State Board of Education changes minimum standards.
2. Have a minimum cumulative grade point average (GPA) of 2.75.
3. Gain approval of the Teacher Education Committee.
4. Meet such standards as may be implemented by law in the State of Texas at any time during the student's matriculation.

Once the application packet is complete, the Teacher Education Committee will review the applicant's file. The Committee reserves the right to request an interview as part of the application process. The Committee will vote and make a determination of acceptance or denial. Applicants will be notified by mail of the Committee's decision. Any applicant who is denied acceptance will be given a clear statement of reasons for denial. Denial of admittance, for any reason, may be appealed in writing to the Teacher Education Committee.

From time to time, the state of Texas in compliance with No Child Left Behind (NCLB) will amend its requirements for certification. While the SAGU Teacher Education Department does everything necessary to prevent major alterations to a student's degree, it must ultimately comply with state requirements. Therefore, the Teacher Education Department reserves the right to alter degrees and certification requirements as they are compelled by the Federal and State governments.

Student Teaching Requirements

A student seeking state certification through the Post-Baccalaureate Program will be required to complete one of the following:

1. Enrollment in appropriate Student Teaching course and successfully complete twelve consecutive weeks of full days in an accredited school.
2. Employment by an accredited school as a teacher of record under a one year probationary certificate in the area and level for which certification is sought. Students who have worked as teacher assistants or resource teachers are not eligible for a waiver of Student Teaching. Two years experience in an accredited school as a teacher of record the area and level for which certification is sought.
3. Two years experience in an accredited school as a teacher of record in the area and level for which certification is sought.

Due to the added responsibilities during student teaching, graduate students are discouraged from taking more than three graduate hours during their student teaching practicum. Students who wish to take over three graduate hours of course work while student teaching will need the approval of the Graduate Education Chair.

EDUCATION

School Counseling

Research Component: 3 hours

ESC 5113 Research Literature and Technology

Professional Component: 9 hours

ESC 5323 Educational Leadership and Supervision

ESC 5613 Teaching Students of Diverse Cultures

ESC 5923 Instructional Leadership in Curriculum and Assessment

Core Component: 12 hours

ESC 5133 School Guidance and Counseling

ESC 5243 Differentiated Learning Strategies

ESC 5713 Studies in Classroom Management

PSY 5423 Crisis Intervention

Resource Area Component: 6 Hours

Please choose from the following:

COU 5533 Play Therapy for Special Populations

ESC 5723 Principles and Practices of Early Childhood Education

PSY 5413 Personal Lifestyle and Career Development

Practicum Component: 6 hours – 100 Clock hours

ESC 5126 Practicum in School Counseling

TOTAL PROGRAM HOURS 36*

Objectives

Upon completion of the program:

1. Students will understand the professional counseling problems/issues/ethical concerns in culturally diverse and differentiated learning environments in the educational setting.
2. Students will be able to develop an educational base with a rationale for school counseling.
3. Students will be able to understand the various issues surrounding standardized tests.
4. Students will understand and apply knowledge related to the physical, cognitive, social, spiritual, and emotionally development of adolescents and how to use this with individual counseling skills, group facilitation, and classroom guidance.

Prerequisites

Before formal admittance into Graduate Education program, students will be required to fulfill the knowledge base in areas of adolescent development, educational foundations, and educational psychology. Students who do not have a sufficient background in education either through course work or experience will be required to take the following courses as the Education Department deems necessary.

EDU 2253 Foundations of Education

HDV 2313 Adolescent Growth and Development

PSY 3353 Psychology of Education

In addition, it is expected that applicants demonstrate competency in the content area for which they are seeking certification. Applicants will need to contact the Education Certification Officer for information regarding this. The Teacher Education Department reserves the right to refuse admittance to the School Counseling Certification program for students who do not pass the TExES exam. Upon completion of program, two years of acceptable teaching experience in an accredited and approved school is required.

Additional Requirements

Students who have not completed twenty-four hours of Bible/Theology at the undergraduate level will be required to take THE 5223 Christian Worldview in a Pluralistic Society. Any student who has not taken a course in hermeneutics must take BIB 5123 Biblical Hermeneutics.

Addendum

SBC Certification Stipulations Attached to M.Ed. in School Counseling

1. All applicants will be required to take and pass the TExES test for the School Counseling Certificate in which they are seeking certification before completion of the program.
2. Applicants must be formally admitted to the Graduate Education program.
3. Applicants must have a 3.00 GPA on the graduate level to enter Education program.
4. Students must complete two years teaching experience in an accredited and approved school by the end of the degree program.
5. Students must complete no less than 100 hours of supervised practicum, 40 of which must be in direct contact in a school setting.

Additional Academic Polices and Advising Points pertaining to the Degree

1. When determining what courses students should take for the following semester, priority needs to be placed on courses in this order:
 - a. Pre-requisites and Leveling Courses
 - b. Professional Component Courses
 - c. Resource Area Courses
2. Completing a M.Ed. from the Education Graduate Studies does not guarantee eligibility for the School Counseling Certification program or state certification candidacy. Students must complete all certification requirements stipulated in this catalog and through advisement with the Certification Officer.

3. SAGU does not offer dual track or dual specialization options within a major (M.Ed., M.S., M.A.) on the graduate level. Students may take course work from another track if it is available and their degree plan allows. These courses will appear on their transcripts along with their required course work. However, unless they file a change of major, both their diploma and transcripts will list the track/specialization they initially indicated.
4. Students who change tracks/specializations or majors after taking 12 hours of graduate course work towards another specialization or major will need to take courses for their new specializations or majors as they become available. In these circumstances, SAGU is not obligated to bring up courses irregularly to satisfy students' intended graduation date from their previous specialization or major.

History

The Master's Degree in History prepares graduate students academically, professionally, and spiritually for quality educational and professional Christian service by providing advanced training in history and related disciplines and research techniques, accompanied by appropriate elective studies.

The program is a three-track master's degree in History, consisting of 30-33 semester hours of course work (depending on which of three tracks is chosen by the student). The three tracks are offered to give students maximum flexibility in their degree. The program is designed to be completed over a two-year course of study.

Upon completion of this program, students will be able to:

1. Demonstrate in-depth understanding of specialized areas of American and World history.
2. Demonstrate understanding of important spiritual concepts as related to Bible, Theology, and Religion in the degree;
3. Demonstrate mastery of research techniques and resources used in the study of history;
4. Engage in further graduate work in history or related subjects, such as doctoral studies in history or further graduate study in other research related majors or law school;
5. Qualify to teach history at the college level (having at least 18 hours of graduate history).
6. Work in professional fields such as government, archival work, or secondary education.

History (Education Track)

PREREQUISITES

Students must achieve a minimum score of 400 on the verbal and 3.0 on the analytical writing section on the General Test of the Graduate Record Examination (GRE). This requirement is expected to be met before enrollment into any graduate level course. However, under special circumstances with approval from the Dean of the Graduate School, a student may enroll for one semester taking no more than 12 graduate hours prior to fulfilling the requirement of the GRE. No student will be allowed to enroll for a second semester without fulfilling the GRE requirement. All transfer students are required to meet the GRE requirement before enrollment. (Students who are graduates of Southwestern with a 2.5 G.P.A. will be conditionally admitted to the Harrison School of Graduate Studies without taking the GRE. After completing 12 hours of graduate work with G.P.A. of 3.0 or higher, the student would then be accepted into the graduate school.)

HISTORY Prerequisites

Students must have credit for at least 12 semester hours of upper level undergraduate history, including coverage of both American and World History topics (or related subjects approved by the History Graduate Program Coordinator), for admission into the program.
