The Associate of Science in General Business provides curricular offerings, from a Christian perspective, to assist students in developing into productive employees in the business environment.

Upon completion of this program, students will:

1. Demonstrate knowledge of introductory business principles and practices as well as basic business terminology.
2. Demonstrate basic proficiency in financial and managerial accounting.
3. Demonstrate basic proficiency in the following computer applications: word processing, electronic spreadsheets, database, and presentation graphics to solve a variety of personal computer-related problems.
