The Sports Management specialization is designed to prepare students for career opportunities in the field of sports management from a Christian perspective. The specialization gives a strong background in sport and fitness as well as a business component developing skills to hold management level positions in industries related to organized fitness.

## Upon completion of this program, students will:

1. Understand of the history of physical education and sport.
2. Understand principles of physical fitness, first aid, and safety.
3. Use basic sport skills in selected lifetime or team sports.
4. Demonstrate knowledge of personal and community health.
5. Appreciate the use of physical activity in meeting the needs of physically challenged people.
6. Understand the function of the human body in psychomotor activities.
7. Understand the process of evaluation and assessment of fitness and sport activities.
8. Address the care and prevention of athletic injuries.
9. Employ principles of management of programs, facilities, and people.

## Sports Management *continued*
