New Department

For a long time there has been a great

need for a course in typewriting and
type-setting. More and more ministers

are using typewriters, and some who do not

would make their letters more legible

and attractive if they did. Twenty

five students have expressed a desire to

take typewriting as an extra study, and

arrangements are being made to begin

courses almost immediately. The school

needs several new typewriting machines

and it is hoped that by the beginning

of the third quarter the school will

be able to operate on a larger scale.

Now we are going to try to get

enough funds to purchase enough

machines to make the school

self-sustaining.

Mr. Robert L. McCaughtry has

been in charge of the typewriting

department, and has held an

important position in the work in

Enid, Kansas for three years.

Along with these classes there is great

need of a class in writing, and plans are

being made to supply this need.

Our Missionary Letter—
Continued from Page 1 and are presenting as a religious move- ment. The movement is vitally real. If the Lord does not undertake this be brought to the attention of the church. For the government arising from some that are working to organize an "active part" in those missionary enterprises is to be all the more great. Religious churches and of course no one would "help" this organization better. Please pray that the Lord will bring back those who have been estranged from it.

Brother Nelson. I wrote you the Young Missionaries' Guide last week with some other things (Daddy sent it and I truly do thank you for it). I am sorry to say that I have not yet received it. I hope that it may be used much of the Lord to teach as and others how to do their work better.

Three sentences—
Last Thursday was a very hot day. Here in the city of the Smoke and it made a great difference in the way they celebrated. It nearly in heatstroke even if young people think South America has been Christianity by the hundreds. These students are pursuing all day long among the Indians and the old churches of the Indians. They often have to walk through the streets to get to the churches, and the little ones always carry with them a little blanket, a bottle of water, and a piece of bread. They are very poor, but they are happy. They love the Lord and want to follow His will.

Kansas City, Kansas, offers many other possibilities for further training in all fields of Christian work. I am sure you will find your place in this wonderful work. If you lack the means to finance your training, consider the possibilities of scholarships. If you are interested, please write to the Director of the School, 318 East Church, Joliet, Illinois.

Sectional Rally, B. S. B. Day
Saturday evening, October 15, 1933, marked the dedicating of a new day for Southwestern Bible School and the Chico's Ambassadors of North Central Oklahoma, when our C.A.'s rally caught the vision of a great work that may be done in the training of young men and women for a more successful ministry.

In spite of a heavy downpour of rain, a group of C. A.'s were present from nineteen different states and some from Kansas. A sweat shirt covered the raincoat as the first orchestra and choir of S.B.S. students began the service.

Elder Rev. Dr. McCaffrey, brought the message at the morning service. A ban- ker dinner was served at the C.A. room of East Gospel Tabernacle, after which we packed up and set out for the home.

Elder Earl Barrett, stated singer and director led a group of our members who were present to sing and pray together. The service was held at the home of Elder Dell Culp, who has always been very helpful in these rallies.

I am sure that we will all look forward to the next rally and to the many other possibilities for service that are available. If you are interested in serving the Lord, please write to the Director of the School, 318 East Church, Joliet, Illinois.
