No student is allowed to rent or buy articles without the consent of the management. But consent is freely given in special cases. Students are required to keep house for themselves and in some cases students whose parents or other near relatives reside close enough to take the full responsibility for these young people. Many students work in homes to make their way through. These arrangements must be approved by the Dean of Women, who takes a motherly oversight over all the girls. Students living outside are under the same rules as those living in the dormitories.

In order to keep the buildings and campus in proper order. These living outside are not required to do any work, but are charged $1.00 per month to help with the incidental expenses.

REGISTRATION

A fee of $5.00 should accompany the application for admission, for which miscellaneous bills may be obtained at the school. In cases where the application is not accepted, the balance will be returned promptly.

TUITION

The school year is divided into three terms of which the first is the longest.

For the Fall Term $10.00; for the Winter Term $8.00; for the Spring Term $7.00; making $25.00 for the year. If paid in advance $20.00 will be accepted for the year.

In case a student pays for a full year in advance and has an unusual circumstance that may happen to the student later, without extra charge, such refund will be made as the management may deem equitable.

No refund of tuition will be made on the basis of the opinion of the Faculty, circumstances under which the student has no control make it necessary for him to leave the school.

Have you Been Called of God?

1. A Call to Prepare:

A call to labor, at home or abroad, is a call to prepare. "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." 2 Tim. 2:15. Christ will presently be a TEACHER, and His pupils are SUFFERING in the great Bible School the world now saw. "Go...and TEACH all nations." (Matt. 28:19). A preacher and a teacher must be able to "teach" (2 Tim. 2:2). "The things that thou hast heard of me many withal, and the words that thou hast committed to memory, commit them to me." (2 Tim. 2:2). You cannot teach the work that you do not know.

2. A Place to Prepare:

In the fellowship of the Assemblies of God there are many good Bible Schools. One of them is Southwestern Bible School, Enid, Oklahoma, now finishing its seventh year. This year 112 students from 20 states and Canada have enrolled in this school and a larger number is expected next year. It has been the aim of the institution from the beginning to make students low in cost, which come from every walk of life, with a roll of 3.0 up. Southwestern Bible School is also a place of Christian fellowship, a place where students, both men and women, are led to God through the study of His Word and through the witness of their lives. It is a place where students are encouraged to take an active part in the work of God's Kingdom. It is a place where students are given the opportunity to develop their gifts and talents and to prepare for service in the church and in the world. It is a place where students are loved and accepted, and where they are challenged to grow spiritually and to be faithful in their calling. It is a place where students are given the opportunity to study the Word of God and to be challenged to apply its teachings to their lives. It is a place where students are given the opportunity to serve others and to be transformed by the power of the Spirit. It is a place where students are given the opportunity to be a part of a community of believers who are united in their love for God and for each other. It is a place where students are given the opportunity to be a part of a community of believers who are determined to make a difference in the world. It is a place where students are given the opportunity to be a part of a community of believers who are determined to follow the call of Christ and to make disciples of all nations. It is a place where students are given the opportunity to be a part of a community of believers who are determined to be faithful to God and to His Word. It is a place where students are given the opportunity to be a part of a community of believers who are determined to be faithful to God and to His Word. It is a place where students are given the opportunity to be a part of a community of believers who are determined to be faithful to God and to His Word. It is a place where students are given the opportunity to be a part of a community of believers who are determined to be faithful to God and to His Word. It is a place where students are given the opportunity to be a part of a community of believers who are determined to be faithful to God and to His Word. It is a place where students are given the opportunity to be a part of a community of believers who are determined to be faithful to God and to His Word.
Facility and Students, Southwestern Bible School, Enid, Oklahoma, November 1, 1933.

SPECIAL LECTURES

A unique feature of this school will be the presentation of several special courses of lectures by outstanding men and women who will spend from one to three weeks each, giving the most fruitful results of their studies and wide experience in the most condensed form. As a rule, each will speak to the students and the public at large. This will afford exceptional opportunities to laymen and ministers whose work will permit them to spend a limited time here.

TEACHERS

The Faculty consists of men and women of experience and scholarship who have received a vision of a great need and a large opportunity. Men and women who are both gifted and "in service for God," and are willing to give their lives into the building up of this Institution, and the training of men and women for the service of the Lord, and to fully utilize their lives for their work. They are zealous for the Lord, and work together in God's power for God's glory.

STUDENTS

Students who are able to do more than the promised work are permitted to take one or more of the following courses:

Spanish—Students preparing to go as missionaries to Spanish-speaking countries, and those who expect to labor in states adjoining Mexico should take this course, which includes a study of Spanish grammar, some practice in speaking and in reading Spanish.

Archeology—The literature of the ancient world and the background of the Bible is taught, including the study of the languages of the Bible and the methods of translation.

Preparation for the Ministry—The study of the Bible as a whole, with an emphasis on the historical, critical, and theological aspects of the text.

Practical Theology—The study of the relationship between theology and practical life, with an emphasis on the practical application of theological principles.

THE FACULTY

The Faculty consists of men and women of experience and scholarship who have received a vision of a great need and a large opportunity. As a rule, each will speak to the students and the public at large. This will afford exceptional opportunities to laymen and ministers whose work will permit them to spend a limited time here.

METHOD

With teachers who are zealous for the advancement of the kingdom of God, who are willing to give their lives into the building up of this Institution, and the training of men and women for the service of the Lord, and to fully utilize their lives for their work. They are zealous for the Lord, and work together in God's power for God's glory.
HOWEVER THE COMPLETE CURRICULUM REQUIRE 19 YEARS. DIPLOMA WILL BE GIVEN TO THOSE WHO SHALL MANIFESTLY FINISH THE THREE YEARS' COURSE.

COMMERCIAL COURSE

Plans are on foot to operate a thoroughly-equipped business course next year, including Typewriting and shorthand, bookkeeping, stenography, and other branches of study commonly taught in business colleges. A good beginning along this line was made the past year. As it involves much extra expense to maintain and make this department, students desiring to take this course will be charged double the tuition above stated.

SELF-SUPPORT

While students should have resources adequate to meet their needs while here, thus enabling them to give all their time and attention to their studies and extra activities, we believe that exceptional opportunities are afforded students of Southwestern for earning part or all of their support while in school.

The institution is situated at the center of a live city that it should be possible for a number of students to find work at good wages for part of their time. Most of the classes will meet in the morning, leaving the afternoon free for study or other work. Moreover, those who are motivated to put in full time laboring to gain support for themselves and those dependent upon them, may be able to attend special lectures at night.

REGULATIONS

In every well-organized private home some rules are needed to guide the members of the household. The same is true in an institution like this, and all students are expected to cheerfully obey these rules.

Attention at this institution is not to be taken as a right, but as a privilege, no great sacrifices have been made in this institution or the operation of this school, and students pay only part of the cost of operating the school. The few charges are made possible by the sacrifices of the Faculty. None of our students who are not in harmony with the school and its ideals and objectives, or is unable to maintain the highest order, will be made to attend the school.

UNIFORMS

All the girls constantly wear a simple uniform prescribed by the school. This is a badge of honor to them, as the lay Christian conduct of the girls in the past has reflected great credit on the institution and the school is recognized and honored because they belong to Southwestern. This inexpensive uniform brings the rich and the poor to the same level and our girls are respected for their modest, appropriate dress. As soon as a girl's application is accepted, a letter of information from our Dean of Women, Mrs. Annie Saucedo, is mailed to her.

It is hoped that an appropriate, inexpensive uniform for the boys also may be obtained.

REGISTRATION

A fee of five dollars should accompany the application for admission, for which suitable bills may be obtained at the school. In case this application should not be accepted, this remainder will be returned promptly. If it is not convenient for an applicant to send the amount with the application, to leave a place in the dormitory it should be sent in at the latest two weeks before the fall term opens. In case the student should fail to come, this fee will be forfeited.

TUITION

The school year is divided into three terms of which the first is the longest. For the Fall Term $10.00; for the Winter Term $8.00; for the Spring Term $7.00; making $25.00 for the year. If paid in advance $20.00 will be accepted for the year.

In case a student pays for a full year in advance and on account of unavoidable circumstances is compelled to leave school it will be the right of the student to take the work later, without extra charge, or such refund will be made as the management may deem equitable.

No refund of tuition will be made on account of the opinion of the Faculty, circumstances over which the student has no control make it necessary for him to leave the school.

ROOM AND BOARD

In order to make it possible for students with small resources to live in the dormitories and get the full benefits of the school they are charged $5.00 for room and board. This charge for room and board has been made exceptionally low, as follows: $3.50 per week, and only $8.00 if paid four weeks in advance.

Bible Atlas

No student is allowed to room and board outside without the consent of the management. The only exception is given in the case of married students who wish to find quarters and keep house for themselves and in case of students whose parents or other near relatives reside close enough to take the full responsibility for these young people. Many students work in homes to make their way through. These arrangements must be approved by the Dean of Women, who takes a motherly oversight over all the girls. Students living outside are under the same rules as those living in the dormitories.

Students living in the dormitories are expected to do as much as an hour's work a day to help keep the buildings and campus in proper order. These being outside are not required to do any work, but are charged $1.50 per month to help with the incidental expenses.

Fees

In addition to the fee for registration, tuition, room, and board, and "outside students" fees a, library fee of $1.00 per year is charged to enable the school to obtain additional books for the good of the students. A breakfast or replacement rate of $1.00 per term is paid by board students to help defray the expense of replacing broken dishes. A fee of $100 is charged for each certificate and $1.00 for each diploma. For private lessons in music a fee of $6.00 per lesson is charged.

$125.00
$25.00 paid in advance will be accepted as payment in full for a whole school year for room, board, registration, tuition, library books and teachers' notes and all fees except those for private lessons in music, $60 each subject, and for business college branches, for which $20 additional will be charged for the whole school year.

DONATIONS

Donations of money for the Maintenance Fund, or furniture or bedding to furnish rooms for students and classrooms, and dishes and cooking utensils for the kitchen, gifts of fruit or other suitable books for the library, or other articles useful in a school of this kind will be most gratefully received. Remember Southwestern in your WILL.

Now is the time to get ready for the fall term, which begins October 1st, 1924. Those who desire to enroll, or with information not given in this Bulletin, please write the President.

Have You Been Called of God?

1. A Call to Prepare: A Call to labor, at home or abroad, is a call to prepare. "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." (2 Tim. 2:15). Christ was personally a TEACHER, and his predecessors were SERVANTS in the greatest Bible School the world has ever seen. "Go...and TEACH all nations." (Matt. 28:19). The preacher and a teacher must know his Bible. A bishop (or elder) must be able to teach (1 Tim. 5:22). "The things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also." (2 Tim. 2:2-3)

You cannot teach what you do not know.

2. A Place to Prepare: In the fellowship of the Assembly of God there are a number of good Bible Schools. One of them is Southwestern Bible School, Enid, Oklahoma, now finishing its seventh year. This year 515 students from 20 states and Canada have enrolled in this school, and a larger number is expected next year. It has been the aim of the institution from the beginning to make its mission one: "Low wages; high work; young men self-support with a full call from God upon them." The ambition of the young men is to be an army of missionaries and laborers for God. A full line of Bible courses is given to prepare the student for the work of the ministry. This school has been organized for the student who has made a good beginning in Bible study, and is ready to make a real sacrifice for the cause of missions in the world. These students are the cream of the students. Your church and our Lord will be the better for you. If you are interested in missionary work, this is the place for you. This school has been organized for the student who has made a good beginning in Bible study, and is ready to make a real sacrifice for the cause of missions in the world. These students are the cream of the students.
