The Management specialization is designed to provide academic experiences with a Christian perspective to facilitate students' abilities to perform responsibly and effectively in entry-level managerial positions in business and industry.

Upon completion of this program, students will:

1. Demonstrate knowledge of advanced business principles and practices as well as business terminology.
2. Demonstrate proficiency in the application of mathematical concepts to advanced business-related problems.
3. Demonstrate proficiency in the following computer applications: word processing, electronic spreadsheets, database, and presentation graphics to solve a variety of advanced computer-related problems.
4. Demonstrate proficiency in financial, managerial, and cost accounting.
5. Demonstrate knowledge of management theories, models, and practices; organizational theories, entrepreneurship and venture management; operations management; and human resources management philosophies and policies.
