Dear Friend:

It is our pleasure to be able to report the close of the first year's work of S. B. C. for the year 1931-32. For a long time it has been our belief that there is a decided need for an institution teaching the Christian faith exactly as the Master delivered it to His disciples—and that such an institution must be within the financial reach of the average young Christian man or woman. The result of this belief was the establishment of Southern Bible College, which has this year numbered its students from FIVE states, and its correspondence enrollment from every state in the Union and three provinces of Canada. We feel that the blessing of the Lord has indeed been upon this school in a marvelous way.

Southern Bible College endeavors to meet the demands of ministers, evangelists and gospel workers for a FULL GOSPEL training. Our aim is to bring a full and thorough training to those who want a college education in religion, and while we are endeavoring to elevate scholarship to the highest rank, we have not sacrificed spirituality, nor forsaken the Spirit for the letter. Our motto for our student and faculty body is: "Not I, but Christ, liveth in me."

Our teaching methods combine practical work with theory—the methods so successfully used by the Master in His work here on earth as He taught and worked with His disciples for three years, teaching His followers divine truths, then sending them out to apply those truths in practical work on the field. Our students study in the classroom, then they are carried out to various mission fields and churches, where they apply those truths in practical work. Scores of souls have been saved thru the efforts of the students of S. B. C. along these lines.

Especial attention is called to the extremely low costs of attending Southern Bible College—the rate being only \$12 per month for board, room and tuition combined. We feel that God has called many fine young men and women to His service who have neither script nor purse, but who need training, and our rates have therefore been fixed at the low amount of twelve dollars per month. This rate has been maintained by securing private and church contributions of groceries and money, which have reduced the expense of the dining hall to the minimum.

Southern Bible College expects an enrollment of around two hundred students for the term of 1932-33. A large new dormitory will soon be under construction to house these students, and a greatly increased faculty will take care of their scholastic needs. We invite correspondence from prospective students who can bring desirable letters of recommendation.

We invite your careful investigation of Southern Bible College, and will gladly forward further information upon request.

Respectfully yours,
SOUTHERN BIBLE COLLEGE

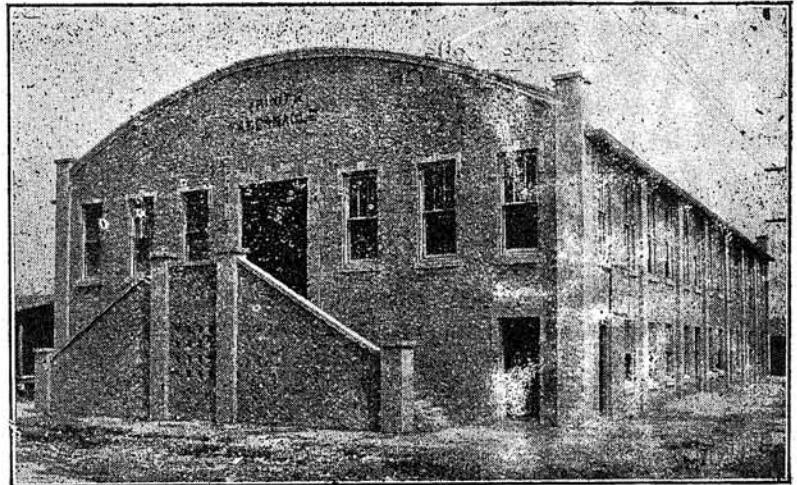

THE PIONEER CLASS 1932

The students composing the "Pioneer Class" came from all over the United States from five states of the Union; one from New Jersey, two from Wisconsin and from Ohio, the remainder from neighboring states and Texas. The Spirit and motto of S. B. C., soon became their own, and they have made splendid progress despite the handicaps that beset the pioneer work of any school. Of the 32 students who finished the year's work at S. B. C., there was a total average of above 80% efficiency.

TRINITY TABERNACLE

Is located in the "Tri-Cities," composed of three little cities, i. e., Goose Creek, Pelly and Baytown, with a total combined population for the area of about 22,000, and is located on Trinity Bay at the mouth of the Ship Channel, about twenty-five miles from Houston. Live business interest has been notable in the Tri-Cities for the past decade and a half. Of more than fifteen churches in the vicinity of the Tri-Cities, TRINITY TABERNACLE is the admitted leading center of Public Worship and the favorite of most people regardless of denominational affiliation.

We believe that a church should be an operating base of a consistent evangelistic program, and from it carry on a missionary program in the surrounding communities. We have held to this principle and as young workers are trained at Trinity Tabernacle, and become advanced enough, they are sent into the neighboring fields to open up and help carry on gospel works. We have opened up a number of such fields during the past year, and provided the young people with practical work under efficient supervision, as well as giving a sane sound gospel to the needy fields around us. It is our fondest hope that graduates of S. B. C., will carry this vision and this program into their respective fields of labor when they leave the institution.

NEW DORMITORIES

Southern Bible College is starting immediately construction of a 100-room brick veneer dormitory to be completed by September of this year. Several thousand dollars have already been received or pledged for this purpose and numerous donations of building materials have also been pledged.

The dormitories will give ample housing space for two hundred students, with separate quarters for girls and boys, with lobbies for each, and a joint dining hall. The new dormitories are to be located directly across the street from Trinity Tabernacle, on the ground floor of which are housed the class rooms and offices of Southern Bible College. The dormitories will be adequately heated and lighted, and as sanitary and comfortable as modern building construction will permit.

OLD TESTAMENT

OT-1

A study of the Old Testament, its introduction, history and literature; giving the student a thorough knowledge of the Old Testament Scriptures and their development.
